NOMINATION OF STUDENTS.

Regulations and Preparatory Instructions.

No Candidate for the College can be nominated thereto, whose age is less than *sixteen* or above *twenty-one* years. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college will be required to address the following letter to the nominating Director:—

Sir:—I beg to assure you, on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education. I have the honour to be, &c.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

I do hereby certify, that the foregoing extract from the register of baptisms of the parish of ——, in the county of ——, contains the date of the birth of my ——, who is the bearer of this, and presented for a nomination as a student at the East-India College, by —— ——, Esq.; and I do further declare, that I received the said presentation for my —— gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same, and that I will not pay or cause to be paid, either by myself, by my —, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my ——, from the director above-mentioned.

Witness my hand, this —— day of ——, in the year of our Lord ——

In the event of no parish register existing or to be found, a declaration of such circumstance is to be made before a magistrate to the following effect, viz.

I, ——, presented as a student for the East-India College by ——, do declare, that I have caused search to be made for a parish register whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I declare, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of ——, in the county of ——, on ——, in the year ——, and that I am not at this time under the age of sixteen, or above twenty-one years.

Witness my hand, this —— day of ——, in the year of our Lord ——.

The parent, guardian, or near relation, must then add his certificate as to the truth of the declaration, which must be similar to that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and declaration, in cases where a declaration shall be required) are to be annexed to the petition to be written by the candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates will be interrogated in an open Committee as to their character, connexions, and qualifications, conformably to the General Court's resolution of the 6th July 1809. The nature of this interrogation may be known on application to the Clerk of the College department. And the following Rules and Regulations are to be observed with respect to the examination of Candidates:

Each candidate shall produce testimonials of good moral conduct, under the hand of the principal or superior authority of the college or public institution in which he may have been educated, or under the hand of the private instructor to whose care he may have been confided; and the said testimonials shall have reference to his conduct during the *two years immediately preceding his presentation for admission.*

Each candidate shall be examined in the Four Gospels of the Greek Testament, and shall not be deemed duly qualified for admission to Haileybury College, unless he be found to possess a competent knowledge thereof; nor unless he be able to render into English some portion of the works of one of the following Greek authors:—Homer, Herodotus, Xenophon, Thucydides, Sophocles, and Euripides; nor unless he can render into English some portion of the works of one of the following Latin authors:—Livy, Terence, Cicero, Tacitus, Virgil, and Horace; and this part of the examination will include questions in ancient history, geography, and philosophy.

Each candidate shall also be examined in English history and geography, and in the elements of mathematical science, including the common rules of arithmetic, vulgar and decimal fractions, and the first four books of Euclid. He shall also be examined in the first part of Paley's Evidences of Christianity.

It is, however, to be understood, that superior attainments in one of the departments of literature or science, comprised in the foregoing plan of examination, shall, at the discretion of the Examiners, be considered to compensate for comparative deficiency in other qualifications.

The examinations are held at the East-India House, half-yearly, in the months of *January* and *July*.

A student publicly expelled the college will not be admitted into the Company's civil or military service in India, or into the Company's Military Seminary.

No person can be appointed a member of the Company's Civil Service whose age is less than eighteen or more than twenty-three years, nor until he shall have resided four terms at least, in the college, and shall have obtained a certificate signed by the Principal of his having conformed himself to the statutes and regulations of the College.

On a student's appointment to be a Member of the Civil Service he will be required to attend at the Secretary's Office, East-India House, to make the necessary arrangements for entering into covenant, and for giving a bond for £1000 jointly with two sureties for the due fulfilment of the same, and a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3000, as liquidated damages, to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

The rank of students leaving the college is determined by the certificate of the Principal, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the students proceeding to India within six months after they are so ranked.

TERMS OF ADMISSION FOR STUDENTS.

(By a Resolution of the Court of Directors of the 16th January 1828, all Cadets at the Military Seminary, and all subsequent nominations thereto, are deemed for general Service until brought forward for public examination.)

TERMS OF ADMISSION.

Conditions and Qualifications for a Candidate.

1. No candidate can be admitted under the age of fourteen, or above the age of eighteen, years.

2. No Person can be admitted who has been dismissed, or obliged to retire, from the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or from any other public institution.

3. Every candidate must produce a certificate of his birth taken from the parish register, and signed by the minister, and countersigned by the churchwardens; or, if born in Scotland, by the session's clerk and two elders, accompanied by a declaration from his father, mother, or nearest of kin, the forms of which may be had in the Military Department. In the event of there being no register of his birth or baptism, the candidate will be furnished with the form of a declaration to be taken by him previously to his being appointed.

4. No candidate will be admitted without a certificate that he has had the small-pox, or has been vaccinated; nor without a certificate, in the prescribed form, to be given by two practising surgeons, that he has no mental or bodily defect whatever to disqualify him for military service.

5. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.

6. Every candidate must deliver the names and addresses of two persons residing in London, or its vicinity, who engage to receive him if he shall be dismissed from the seminary, or removed from sickness or any other cause.

7. It is an indispensable qualification that the candidate write a good legible hand. He will be required to write down a sentence from dictation by the head master; and if he should be found deficient in his handwriting, or in his orthography, his reception into the institution will be deferred for such length of time as the head master shall report to be necessary.

8. No candidate will be admitted who cannot read and construe Cæsar's Commentaries.

9. No candidate will be admitted who shall not be found to possess a correct knowledge of all the Rules of Arithmetic usually taught in Schools, especially the Rule of Three, Compound Proportion, Practice, Interest, Vulgar and Decimal Fractions, and the Extraction of the Square Root.

10. Every cadet upon his admission is considered a *Probationary* pupil for the first six months; at the end of which period the public examiner will be required to report to the military committee, on the probability of the cadet being able to pass for the artillery or infantry in the required period of four Terms. Should this appear improbable, either from want of talent or diligence, the cadet will then be returned to his friends.

The preceding test (Articles 7, 8, and 9), is all that is absolutely requisite for the admission of a Cadet into the Military Seminary. Parents and Guardians are however informed, that it will be of great advantage to a Cadet, in his future studies at this establishment, if, before being admitted, he make himself well acquainted with the following portions of Cape's "Course of Mathematics," in the order in which they are given below, *viz.*

1. The remainder of Arithmetic, omitting pages 76, 77.
2. The use of Logarithms.
3. The first three Sections in Geometry, and the Theory of Proportion.
4. First part of Algebra, omitting the propositions of the greatest common measure and the least common multiple.
5. Fourth and fifth sections in Geometry, and Geometrical Problems.

It is also very desirable that a Cadet on joining the Seminary be able to draw with facility in pencil, and shade with Indian ink.

PAYMENTS, &c.—1. The parents or guardians of the gentleman cadet are required to pay £50 per term towards defraying the expense of his board, lodging, and education; also an entrance subscription of £2. 2*s.* to the public library; which payments include every charge except for uniform clothes, books, and pocket-money, as hereafter specified.

2. Such articles of uniform dress* as may be considered by the military committee to be necessary shall be provided at the cost of the cadet. The amount of pocket-money issued to him at the rates† fixed by the rules of the seminary is also to be defrayed by his parents or guardians.

3. The following class-books will be provided at the public expense, the mutilation or destruction of which to be chargeable to the cadets, *viz.*

Hindustani Dictionary,
Latin do.
Woodhouse's Spherical Trigonometry,
Inman's Nautical Astronomy,
Do. Nautical Tables.

4. The Cadets will, on their first joining Addiscombe, be supplied with the following books, the cost of which will be charged to their parents or guardians, *viz.*

Cape's Mathematics,
Straith's Treatise on Fortification,
Shakespear's Hindustani Grammar,
First Vol. Hindu Selections,
Fielding's Perspective,
French Grammar,
French Dictionary,
De la Voye's French Instructions,
Cæsar's Commentaries.
Daniell's Chemical philosophy.

Any books not included in the above enumeration, or which may be hereafter required at the seminary, to be paid for by the cadets.

* *Viz.* Jackets, waistcoats, stocks, foraging caps, trowsers, shoes, gloves, together with a proportionate share of the expense of any other periodical supplies, and the repairs of the same. The average cost is £6. 6*s.* per term.

† *Viz.* 2*s.* 6*d.* a week, with 1*s.* additional to censors, and 2*s.* 6*d.* additional to corporals.

5. A cadet entering in a term, at whatever part of it, must pay the regulated sum for the whole term in which he enters, which will count as one of the four terms of his residence; and no return of any portion of the advance will be made in the event of a cadet's quitting the seminary.

6. Previous to the cadet's admission, his parents or guardians shall furnish him with the following articles, *viz.*

Twelve shirts (including three night-shirts), eight pairs of cotton stockings, six pairs of worsted ditto, six towels, six night-caps, eight pocket-handkerchiefs, one pair of white trowsers (to be repaired, or if necessary, to be renewed by the parents or guardians at the vacation); two combs and a brush, a tooth brush, a Bible and Prayer-book, a case of mathematical instruments of an approved pattern, to be seen at Messrs. Troughton & Simms, 136, Fleet Street; Mr. Jones's, 62, Charing-Cross; Mr. Gilbert, Optician, 148, Fenchurch-street; and at Messrs. Reeves & Sons, 150, Cheapside.

7. The payment of the fixed charges for each term is to be made in advance; and the payment for clothes, pocket-money, and books for the preceding term is to be made previous to the cadet's return to the seminary.

PROHIBITION.—The cadet must not join the seminary with a greater sum in his possession than one guinea, and a further supply from any of his relations during the term may subject him to dismission from the seminary.

VACATIONS.—Midsummer commences about the middle of June, ends 31st July.
Christmas commences about the middle of December, ends 31st January.

At the close of every vacation, the cadet must apply at the Cadet Department, Military Office, East-India House, for an order for his re-admission, and all sums then due to the Company must be paid up. This order will express that he is only to be re-admitted upon his returning with the same number of books and instruments which he took home with him, that his linen is put into proper repair, and that he is in a fit state of health to renew his studies.

Notice to Parents and Guardians.

The friends of every cadet are hereby informed, that provision being made for furnishing him with every requisite, he cannot really want a supply of money to be placed at his disposal while at the seminary; and if they do notwithstanding think proper to furnish him with money, they put it in his power to commit irregularities, which must always retard his studies, and may eventually lead to his removal from the institution.

The parents and friends are further particularly desired not to attend to any application from the cadet for money, under the

pretence of his having incurred any debts at Croydon, or elsewhere, or for the purpose of subscribing to public charities, or any other pretence whatever.

It having become known that cadets have been in the habit of writing to their friends for money, under the pretence that there were so many stoppages from their weekly allowance that they had scarcely any money left, the Committee have ascertained that these stoppages have arisen, not only from wilful and wanton destruction of public property, but in a considerable degree from the postage of letters, and the carriage of parcels addressed to the cadets. It has in consequence been ordered, that no letter or parcel shall be admitted into the seminary unless the postage or carriage of such letter or parcel shall have been previously fully paid for by the person sending the same. It has also been ordered that every parcel shall be opened in the presence of one of the orderly officers and the cadet to whom it is sent; that should it contain wine, or any thing prohibited by the regulations, the parcel, upon the first offence, will be returned to the person sending the same; and that upon the second offence, the cadet will be ordered home, and will not be re-admitted until a written apology has been sent to the Committee by the person who has committed a breach of this regulation.

Extract from the Standing Regulations of the Seminary, Sec. 1, *Clause* 1.

"No professor, master, or other person in the institution, shall receive from the cadet, or the parents or friends of any cadet, any pecuniary present or consideration, on any pretence whatever."

Extract Resolution of Court of 12*th March* 1823, *and Military Letter to Bengal, dated* 30*th August* 1826.

"That all persons nominated in future as cadets, be required, as a condition to their appointment, to subscribe to the military funds of their respective presidencies."

MEMORANDA.

The gentlemen cadets educated at the Military Seminary are eligible for the corps of engineers, artillery, and infantry. Admission to the two first of these branches, *viz.* the engineers and artillery, is only to be obtained by these cadets, none others being eligible. Those who are most distinguished are selected for the engineers, according to the vacancies in that branch. Those immediately following in order of succession are promoted to the corps of horse and foot artillery.

Those cadets for whom there is no room in the engineers, but who are reported to have attained to a high degree of qualification, receive honorary certificates, and their names are announced to the governments in India, and published in general orders to the army, as meriting particular notice. They have the privilege

of choosing the presidency in India to which they shall be stationed. The cadets not appointed to the engineers or artillery are, when reported qualified, posted to the infantry, and rank together according to the rank which they obtained at the seminary.

The gentlemen cadets may pass through the seminary as rapidly as their attainments and qualifications will enable them to pass after a year's residence, provided that they are of the age of sixteen years on or before the day of their final examination. Their stay at the institution is limited to four terms.

The cadets educated at this institution take rank in the army above all other cadets who are appointed from the commencement of three months previously to the date of the seminary cadets being reported qualified; and all the time passed by them at the institution after they attain the age of sixteen counts as so much time passed in India in calculating their period of service for retiring pensions on full pay.

Under the Deed of Covenant, Chaplains are required to subscribe to the Military Fund at the Presidency to which they may be attached.

Chaplains must proceed to their destination within Six Months from the Date of the Court's Resolution by which they were nominated; and in failure thereof, without leave obtained from the Court, their appointments will lapse.

ASSISTANT SURGEONS.

Regulations for their Admission into Company's Service.

AGE. The assistant surgeon must not be under twenty-two years, in proof of which he must produce an extract from the register of the parish in which he was born, or his own declaration pursuant to the act of the 5th and 6th Gulielmi IV., cap. 62, and other certificates, agreeably to forms to be obtained in the office for cadets and assistant surgeons.

QUALIFICATION IN SURGERY. The assistant surgeon, upon receiving a nomination, will be furnished with a letter to the Court of Examiners of the Royal College of Surgeons, to be examined in Surgery, and their certificate will be deemed a satisfactory testimonial of his qualification: but should the assistant surgeon be previously in possession of a diploma from the Royal College of Surgeons of London, or of the Colleges of Surgeons of Dublin or Edinburgh, or of the College and University of Glasgow, or of the Faculty of Physicians and Surgeons of Glasgow, either of them will be deemed satisfactory as to his knowledge of Surgery, without any further examination. He is also required to produce a certificate from the Cupper of a Public Hospital in London, of having acquired and being capable of practising, with proper dexterity, the art of cupping.

QUALIFICATION IN PHYSIC. The assistant surgeon will also be

required to pass an examination by the Company's examining physician in the practice of physic, in which examination will be included as much anatomy and physiology as is necessary for understanding the causes and treatment of internal diseases, as well as the art of prescribing and compounding medicines, and Dr. Hume will then require him to produce satisfactory proof of his having attended at least two courses of lectures on the practice of physic, and above all, that he should produce a certificate of having attended diligently the practice of the physicians at some general *Hospital* in London for six months; or at some general Hospital in the country (within the United Kingdom) for six months, provided such provincial Hospital contain at least, on an average, one hundred in-Patients, and have attached to it a regular establishment of physicians as well as surgeons. No attendance on the practice of a physician at any *Dispensary* will be admitted.

The assistant surgeon is also required, as a condition to his appointment, to subscribe to the military or medical retiring fund at his respective presidency, and also to the military orphan society if appointed to Bengal.

The assistant surgeon is required, by resolution of Court of the 21st of May 1828, to apply at the Cadet-office, and actually proceed within three months from the date of being passed and sworn before the Military Committee; he will then be furnished with an order to obtain the certificate of his appointment, signed by the Secretary, for which he will pay a fee of £5 in the Secretary's Office.

No person who has been dismissed the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or who has been obliged to retire from any public institution for immoral or ungentlemanly conduct, will be appointed a cadet direct for India.

No person will be appointed a cadet direct for India, without producing to the Military Committee a certificate, signed by two practising surgeons, that he has no mental or bodily defect whatever to disqualify him for military service.

Abstract of Act 53 *Geo. III. cap.* 155, *sec.* 84.

Whereas inconvenience to the Military Service of the East India Company has been found to arise in certain cases from the provisions of the Act 33 Geo. III. cap. 52, sec. 70.—"Be it therefore enacted, that it shall and may be lawful for the said Court of Directors, with the approbation of the said Board of Commissioners, to permit any military officer being of the rank of a general officer or colonel commanding a regiment, or being a lieutenant

colonel commandant of a regiment, who, having departed from India with such leave as aforesaid, shall not have returned to India within five years from the time of such departure, to have his rank and to be again capable of again serving in India, although such absence may not have been occasioned by sickness or infirmity, or any inevitable accident; any thing in the said Act contained to the contrary notwithstanding."

Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

CIVIL SERVANTS.

Regulations for the Grant of Absentee Allowance to Civil Servants when in Europe.

That after an actual residence in India in the civil service of ten years or upwards, a covenanted civil servant of the Company, upon either of the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill-health or from any other cause, and without reference to his private fortune, to come once to Europe, on leave for three years, and to receive for that period from the Company's cash an allowance of £500 per annum, provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to servants producing medical certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health; and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the gradation list of the service.

That in cases of civil servants compelled by illness, certified upon oath, to come to Europe previous to their completion of an actual residence in the civil service of ten years, such covenanted servants shall each be presented with the sum of 2,000 sicca rupees as passage money, and shall be entitled, for a period not exceeding three years, to an allowance from the Company's cash of £250 per annum; but that servants having received this indulgence, shall not, in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any allowance under the first regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn in the shape of absentee allowance, exclusive of passage money, and that of £500 per annum for three years.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

That the same be paid quarterly in Europe; that, on no account or plea whatsoever, the allowances in question be extended beyond the period of three years; and

That any servant being in the receipt of absentee allowance from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited.

If a 2d lieutenant, cornet, or ensign, two shillings a-day, or £36 10s. a-year; if a lieutenant, two shillings and sixpence a-day, or £45 12s. 6d. a-year; provided they are not possessed of, or entitled to, real or personal property, to the extent of, if an ensign, £750, if a lieutenant, £1,000.

Officers who are compelled to quit the service by wounds received in action, or by ill-health contracted on duty after three years' service in India, are permitted to retire on the half-pay of their rank, *viz.*

If a second lieutenant, cornet, or ensign, three shillings a-day, or £54 15s. per annum; if a lieutenant, four shillings a-day, or £73 per annum.

A subaltern officer, or assistant surgeon, having served six years in India, is permitted to retire on the *half-pay of ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

A lieutenant having served thirteen, or a second lieutenant, cornet, or ensign, nine years in India (including three years for a furlough), may retire on the *half-pay* of his rank, in case his health shall not permit him to serve in India.

Regimental captains, majors, and lieutenant-colonels, who have not served sufficiently long in India to entitle them to retire on full pay, and whose ill state of health renders it impossible for them to continue to serve in India, are allowed to retire from the service on the half-pay of their respective ranks, *viz.*

Captains, seven shillings a-day, or £127 15s. per annum; major, nine shillings and sixpence a-day, or £173 7s. 6d. per annum; lieutenant-colonel, eleven shillings a-day, or £200 15s. per annum.

All officers who have actually served twenty-two years in India, or twenty-five years, including three years for a furlough, are allowed to retire on the full pay of their respective ranks.

Officers are also allowed to retire on the following pensions without reference to the rank they may have attained, if they have served for the undermentioned periods, *viz.*

After twenty-three years' service in India, including three years for a furlough, on the full pay of captain, *viz.* £191 12s. 6d. per annum; after twenty-seven years' service in India, including three years for a furlough, on the full pay of major, £292 per annum; after thirty-one years' service in India, including three years for a furlough, on the full pay of lieutenant-colonel, £365 per annum; after thirty-five years' service in India, including

three years for a furlough, on the full pay of colonel, £456 5s. per annum.

Members of the Medical Board, who have been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, are permitted to retire from the service, and allowed £500 per annum, or in the event of ill-health, they may retire on that pension, after any period of service as Member of the Medical Board. Superintending surgeons, who have been in that station not less than two years, and whose period of service have been not less than twenty years, including three years for one furlough, are permitted to retire from the service, and allowed £300 per annum; or in the event of ill-health, they may retire on that pension after any period of service as superintending surgeon. If they have served five years, or are obliged after three years' service in that station to retire from ill-health, they are allowed £365 per annum.

Surgeons after 20 years' Service, 3 years' Furlough, included .. .. £191 a year.
28 do .. do .. 300 do

The present regulations by which superintending surgeons are entitled as such to retiring pensions of £300 and £365 a year, and members of the medical board, to pensions of £500 and £700 a year, according to period of service in those ranks respectively, will cease to be the rule of the service for medical officers, after the date of the introduction of the new arrangement; but individuals then in the service, and who may be appointed to the offices of superintending surgeon and member of the board within ten years from that date, will be allowed the option of retiring upon pensions upon the old scale of length of service in those ranks, instead of the new scale of length of service in India.

When officers on furlough retire upon the pay or half-pay of their rank, they are only entitled to claim the benefit of the rank held by them at the expiration of one year from the date of their landing in the United Kingdom.

A veterinary surgeon is allowed to retire on seven shillings a-day after twenty years' service, including three years for one furlough; five shillings and sixpence a-day after thirteen years' service, including three years for one furlough; and three shillings a-day after six years' service, in the two last cases provided his health shall not permit him to continue to serve in India.

A chaplain (appointed previously to the 1st September 1836), after eighteen years' service in India, including three years for one furlough, is allowed to retire on the pay of lieutenant-colonel, £365 per annum; after ten years (if compelled by ill-health to quit the service), on the half-pay of lieutenant-colonel, £200 15s.

per annum; after seven years, on the half-pay of major, £173 7s. 6d. per annum.

If appointed subsequently to that date, according to the following scale, viz.: after eighteen years' service, including three years for one furlough, the pay of major, viz., £292 per annum; after ten years' service (if compelled by ill-health to quit the service), on the half-pay of major, viz., £173 7s. 6d. per annum; after seven years, the half-pay of captain, viz., £127 15s. per annum.

A commissary or deputy commissary of ordnance, not being a commissioned officer, is allowed to retire on full pay if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A conductor of stores is allowed to retire on £60 per annum after twenty-five years' actual service in India.

Officers retiring from the service will be considered to have retired from the date of their application for leave to retire; or from the expiration of two years and a-half from their quitting India, whichever shall happen first.

FURLOUGH REGULATIONS.

CIVIL.

Civil Servants coming to England under the absentee regulations, or on special leave, shall, immediately on their arrival, report themselves with their address by letter to the Secretary, forwarding at the same time the certificates which they received in India.

That in all cases of leave, civil servants be required to join the establishment to which they belong at the expiration of the term for which leave may have been granted, unless they shall have obtained an extension of it from the Court six months before the expiration of the said leave.

That extensions of leave be not in future granted except in cases of sickness, certified to the Court's satisfaction, or in cases in which it shall be proved that a further residence in Europe is indispensably necessary.

That when under any such circumstances a civil servant shall have obtained an extension of leave to a given period, he must, at the expiration thereof, apply for and obtain permission either to return to his duty or to reside a further time in Europe; failing in which, he shall be liable to be struck off the list of civil servants.

That the Act of the 33d Geo. 3, cap. 52, sec. 70, as it respects civil servants, applies only to cases of sickness or infirmity, and that no civil servant be hereafter considered eligible to return to the service after five years' absence under that enactment, who has failed to obtain, agreeably to the foregoing regulations, an extension of leave under the circumstances referred to in the Act.

MILITARY.

Officers (of whatever rank) must be ten years in India before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to assistant surgeons and veterinary surgeons. The furlough to be granted by the commander-in-chief at each presidency, with the approbation of the respective governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A chaplain (appointed previously to the 1st September 1836), after seven years' residence in India, is allowed to come home on furlough and receive the pay of major, £292 per annum. Should he come home from sickness prior to this period of service, he is allowed the pay of captain only, viz. £191 12*s*. 6*d*. per annum.

If appointed subsequently to that date, after seven years' residence in India, the pay of captain, viz.; £191 12*s*. per annum; and if compelled by ill-health to come home prior to this period of service, the half-pay of captain, or £127 15*s*. per annum.

A conductor of stores is allowed furlough pay only in case of coming home from sickness.

Officers coming to England on furlough are required immediately to report their arrival by letter to the secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining physician, Dr. J. R. Hume, 9, Curzon-street, who will report to the Court of Directors his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen, eminent in the medical profession, *viz.*—

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party), and I declare, upon my honour, that, according to the best of my judgment and belief, ——— is at present unfit for military duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least ——— longer in this country.

Also, previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians, *in the above form*, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No officer who has failed to obtain an extension of furlough will be considered eligible to return to the service after five years' absence, under the Act of 33 Geo. III. cap. 52, sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers, therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the court to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting colonels of regiments, and those of the rank of lieutenant colonel regimentally, when promoted to that of major general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

That no person who has been dismissed the army or navy, or who has been obliged to quit any school or institution for immoral or ungentlemanly conduct, will be appointed to the Indian navy.

That volunteers for the Indian navy be required to proceed to India within three months after their appointment shall be completed, or their appointment will be considered as forfeited; and that they be ranked from the date of sailing from Gravesend.

That all volunteers appointed to the Indian navy subscribe to the Indian Navy Fund.

No officer under the rank of captain who has not actually served ten years can be permitted to come home on furlough, unless in cases of ill-health, under the like certificates as required from military officers.

The regulations for drawing pay on furlough and retirement by the officers are, as far as circumstances will admit, the same as those for the military officers.

BENGAL CIVIL SERVICE ANNUITY FUND.

Regulations as sanctioned by the Honourable the Court of Directors.

Managers of the Fund. (*Elected* 1 *Jan.* 1842.)

J. J. Harvey,	*Ex officio*
J. Lowis,	Chief Secretary.
C. Tucker,	Accountant General.
J. F. Halliday,	Sub-Treasurer.
H. Moore,	Civil Auditor.

Secretary and accountant, H. V. Bayley.
Agents in England, Messrs. Coutts and Co.

1st. The subscribers shall, from the 1st of May 1825, contribute, for the purposes of the fund, four per cent. of their salaries, and all other public emoluments, however denominated; compensation for travelling expenses excepted.

2d. Should any subscriber be engaged in India on private business, and thereby voluntarily exclude himself from public employ, his subscriptions to the fund shall cease, and in the event of his hereafter relinquishing such private business, and resuming employ in the service, his subscriptions may be resumed, but the intervening period shall not be reckoned in the time necessary to qualify him to become an annuitant: and this rule shall be equally applicable to all persons now in the service who may have been, or may be engaged in private business.

3d. The annuities are fixed at 10,000 rupees each, payable in England at two shillings the rupee, being £1,000 sterling.—(See modified Rule 39.)

4th. The annuities shall be tendered to subscribers having served in the civil service twenty-five years, and actually resided twenty-two years of that period in India, according to their seniority on the gradation list of the service, as fixed by the Court of Directors, and the right of preference shall not be barred by refusal in a preceding year.

5th. The annuities shall commence with the 1st of May in each year, beginning with the year 1826; that is to say, shall fall due at the end of the said official year; and in like manner, the succeeding annuities shall commence on the first day of the following official years, and fall due at the close of each year respectively.—(See modified Rules 33, 34, 40.)

6th. At a convenient period before the close of each year, the managers of the fund shall require, according to seniority, a sufficient number of subscribers to signify their willingness, or otherwise, to retire on the annuity to be granted by the fund; and in case of the absence from India of members, such requisition shall be made to their constituted agents in Calcutta. It will, of course, be incumbent on members duly qualified to become annui-

tants, previous to leaving India, to empower one or more persons in Calcutta to act on their behalf, and to communicate to the managers the names of such agents.

7th. The following members shall be regarded as having virtually intimated, for the time being, their unwillingness to retire on the annuity; *viz.* those to whom a requisition may be made as above provided, and on whose part no reply may be received, on or before the first day of the year, with which the annuities intended to be granted may commence; and those who may have quitted India, and failed to empower any resident in Calcutta to act for them during their absence.

8th. The number of annuities offered shall not be more than may complete nine per annum from the 1st of May 1826.

9th. The actual value of annuities tendered and accepted as above shall be passed to a separate account on the books of the institution, under the head of Appropriated Funds; and to the debit of this account shall be entered all payments in satisfaction of annuities.

10th. Should any subscriber, having resided in India in the civil service not less than twenty-two years, and been a member of it the full period of twenty-five years, retire from the service before the option of an annuity may devolve on him, he shall be entitled to the same in his proper turn, without any payment to the fund, save what may be claimable under the following rule.

11th. Any subscriber who may accept the tender of an annuity shall be required, to entitle him to such annuity, to pay to the institution, previous to the date to which the annuity is to commence, the difference between one-half of the actual value of the annuity on his life and the accumulated value of his previous contribution, in case the latter quantity shall be less than the former; these values shall be determined as below provided.

12th. Any member so choosing may decline paying the difference defined in the foregoing rule, and shall, in such case, be entitled to an annuity diminished in proprotion to the sum by which the accumulated value of his contributions is less than one-half of the actual value of an annuity on his life.

13th. Any subscriber who may be dismissed from the Honourable Company's service shall forfeit all right to benefit by the institution, and be entitled to no re-fund of payments which he may have made.

14th. The interest of any subscriber who may be suspended from the Honourable Company's service shall be in abeyance, but shall revive on his restoration. If he be permitted (whether the permission be granted at the time of, or during his suspension, or at the time of his restoration) to draw salary for the period of his suspension, then his contributions to the fund for that period shall be claimable, and the intervening time shall be reckoned as actual service; but if he be not allowed salary for the period of his suspension, then no contribution shall be claimable from him for that period, and which in that case is not to be computed in

the term of service necessary to qualify him for the acceptance of an annuity.

15th. The resignation of the Honourable Company's services is an essential condition to entitle an individual to an annuity from the institution, and annuitants will not be permitted by the court to return to the service: it is therefore provided, that should any member fail, on or before the first of July of the year with which an annuity accepted by him may commence, to comply with the said condition, he shall be considered to have forfeited his right to an annuity from the institution for that year. It is likewise provided, that when a member, accepting an annuity, shall resign the service before the first day of July, but after the first day of the year with which the said annuity is made to commence, he shall, in such case, at the close of that year, only draw the annuity from the date of his resignation, a sum proportionate to the time intervening between the first day of the year and that date being deducted for the benefit of the institution.

16th. The fund is open for the subscriptions of all covenanted civil servants upon the Bengal establishment, including such as may be in England, and who have not either finally resigned the service, or protracted their absence from India beyond the prescribed term of five years; each civil servant now residing in India shall be specially invited to join the institution, as shall those subsequently arriving, whether they be returning to the service, or newly appointed to the same; and the following shall be excluded from ever becoming members of the institution, *viz.* those residing in India, who may fail to signify in writing their consent to join the institution on or before the first of May 1826, next; and those returning to, or for the first time arriving in the country, subsequent to the present date, who may commit a similar default within six months from the date of their return, or arrival in the country, respectively; provided, however, that no person, not in India, nor on his passage thither upon the first of May 1825, shall be entitled, on subsequently returning to the country from England, to receive an annuity under the rules of this institution, except after residence in the country for a period of five years from the date of such subsequent arrival.

17th. The affairs of the institution shall be managed by a committee of nine, of whom four shall be ex-officio, the chief secretary to government, the accountant-general, the sub-treasurer, and the civil auditor. The other five shall be subscribers, and elected at a general meeting. The members of the committee shall be also the trustees for the funds of the institution.

18th. The sub-treasurer of the government shall, with the permission of the Governor General in Council, be requested to act as treasurer to the institution, and the funds, as well those set apart for the payment of annuities as those arising from the accumulation of capital, shall be deposited in the public treasury, subject to the direction and control of the trustees and managers of the fund.

19th. For the management in England of such affairs as the members cannot personally conduct, an agent or agents shall be appointed by the managers and trustees in India, if such shall still be the wish of the service.

20th. The committee of managers, or the majority of those present at a meeting of five or more, or if less than five be present, any three members of the committee, who may concur in opinion, shall be competent to decide in the first instance upon all matters relative to the receipts and disbursements of the fund, as well as generally upon all subjects connected with the management of the fund, and the due execution of the rules established for it, which, by such rules, may not have been expressly reserved for determination by the general meeting of the subscribers to the fund.

21st. But the decision of the committee of managers, in all cases, shall be liable to revision and control by the resolution of the subscribers duly passed at a regular general meeting.

22d. The committee of managers, who may be appointed in the first instance, shall be authorized to appoint a secretary and accountant to the fund, and to fix such allowance for him, payable from the fund, as they may consider adequate to his services. The officers so appointed shall act under the direction of the committee of managers, and shall also attend the general meetings of the subscribers, the proceedings of which, and of the committee of managers, and generally all papers appertaining to this institution, which may not be intrusted to the treasurer in India, or to the agents in England, shall be kept under the charge of the secretary and accountant to the fund, and shall, by application to him, or the committee of managers, be open to the inspection of any of the subscribers to the fund.

23d. All future appointments to the office of secretary and accountant to the fund, as well as the appointment of any other person whom the managers may find it necessary to employ for the due execution of the trust committed to them, shall, in like manner, be made, and their allowances fixed by the committee of managers, subject, as in all other cases, to the control of the general meetings of the subscribers.

24th. In the event of any of the five managers who may be elected annually being subsequently removed from the presidency, without any intention of returning to it during the year of their election, it shall be communicated to the subscribers at the next general meeting; and in such instances, as well as in all instances of vacancy in the situation of manager, by death or otherwise, a new election, if it appears necessary, shall take place for the unexpired part of the current year.

25th. A general meeting of the subscribers shall be held at the Town Hall in Calcutta, on the first Monday of the second month of every year (or as soon afterwards as the accounts can be made up and prepared for inspection), to receive and audit the accounts of the preceding year, and to decide on any questions which may arise

or be referred. The committee of managers, or any nine members of the institution, may also convene a special general meeting at the presidency, by public notice in the Government Gazette, if at any time there shall be found occasion for it, provided that the days fixed for holding such special meetings, and the object of them, be advertised at least six weeks before the same are held, for the general information of subscribers.

26th. All questions proposed at the general meeting, whether annual or special, shall be determined by a majority of three-fourths of the members who may either be present at such general meetings, or vote thereat by proxy; but the concurrent voices of nine members, at least, shall be requisite to determine upon any question whatever; and upon all general questions involving any increase or diminution of the rate of contributions now fixed, or any essential addition to, or alteration in, the original rules and principles of the institution, which are now established, all subscribers in India who may not be able to attend the meeting in person, shall be allowed to deliver their sentiments and votes by a written communication, to be signed by them, and addressed to the chairman of the meeting; provided always, that no decision upon such question shall be valid, or have any effect, until sanctioned and approved by the Court of Directors of the East-India Company, to whom all parties, considering themselves aggrieved by such decision, shall have a right of appeal, and the decision of the Court of Directors shall, in all cases, be final.

27th. In discharge of each annuity of 10,000 rupees granted by the fund, the sum of £1,000 sterling shall be paid to the annuitant through the Company's treasury in London, at the close of the year in which the annuity may commence, the managers of the fund undertaking, at that period, to pay over to the Government of Bengal the sum of 10,000 rupees for each annuity so payable, under the principles upon which the Company's contribution to the fund is to be regulated.

28th. The right of an annuitant to receive the annuity for any particular year shall depend on his having survived that year.—(See modified Rules 33, 34, 40.)

29th. The actual value of an annuity on the life of any subscriber shall be determined by the table annexed hereto. The rates exhibited by this table shall be revised and altered by a decision of a general meeting, should experience and the fluctuation of interest suggest the necessity of such an arrangement: provided always, that any alteration therein shall not take effect until it has been sanctioned and confirmed by the Court of Directors of the East-India Company, whose decision shall be final.

30th. To determine the accumulated value of the contributions of any subscriber, the accountant shall keep separate accounts for each member, and these accounts shall be annually made up with the rate of interest allowed by the Company.

31st. At the close of every third year the managers shall, according to the next table, calculate the actual values of the pend-

ing annuities, and shall then compare the total of their values with the assets belonging to the appropriated funds of the institution; should those assets exceed in value the said total, the difference shall be carried to the credit of the unappropriated funds of the society, and be available for the purposes of the institution; on the other hand, should the value of the said assets be less than the total aforesaid, the deficiency shall be supplied by a transfer from the latter fund to the former.

32d. An annuitant, upon becoming such, shall be furnished with a formal certificate declaratory of his admission to the annuity, under the hands of not less than three of the managers of the fund. A duplicate of the certificates must be furnished to the Bengal Government and forwarded to the Court of Directors in London.

33d. In modification of the 28th Rule of the Institution it is hereby provided, that from and after the 30th April next ensuing, annuities will be granted to retiring members of the service, entitled to and claiming the same, payable to the date of decease, on their entering into a written engagement, binding themselves to pay, if so required by the Honourable the Court of Directors, a sum equal to half the value of the benefit derived under this condition. The computation of the said value will be made according to the annexed Table, unless otherwise ordered by the Honourable Court of Directors, to whose correction the calculations are subject.

For every annuity made payable to the date of decease under the above rule a sum equal to the discount value of the additional payment stipulated, as entered in the table annexed, or in any corrected table that may be substituted for the same if the Court of Directors shall direct such substitution, shall be transferred in the accounts of the Institution to the head of appropriated assets, in order to cover the additional charge to the Fund arising from such payment.—(See Table H.)

34th. In further modification of the 28th Rule above referred to, it is hereby provided, that from and after the 30th April 1835, annuities will, at the option of retiring servants, be given, payable either as at present at the close of the year, or quarterly after each three months of the year. Provided, however, that for every annuity made payable quarterly, an additional sum equivalent to this advantage, computed according to the table annexed, shall be transferred to the head of appropriated Funds in the accounts of the Institution, in order to cover the additional charge to it from this alteration in the mode of payment.—(See further modification in Rule 40.)

35th. On the 1st May 1836, the managers of the Institution shall declare and publish the number of unaccepted annuities remaining up to that date, and the value thereof, which value shall be computed by assuming for the unaccepted annuities of each year since the Annuity Fund Institution was established, a value calculated for the average age of the servants who retired in that year. Two-thirds of the aggregate amount of such valuation shall be declared to be a fund available to provide for three years from

that date, annuities at a quarter value to retiring civil servants duly qualified. The other third of the above valuation shall be forthwith carried to account as part of the fixed balance of the fund. In like manner, on the 1st of May of every succeeding year, the managers shall declare and publish the number and value of the unaccepted annuities of the preceding year—that is to say, the number of the nine annuities at half value available annually for retiring servants which have not been claimed and taken within the year, and the same shall be valued according to the average of the ages of the servants who retired in the year upon such annuities; or if there be none of these taken in any year, then upon the assumption of the age of forty-five years, for the value of each annuity. Two-thirds of the aggregate value of such unaccepted annuities shall be declared and published, as above, to be the fund available to provide for three years thereafter annuities at a quarter value to retiring seniors, the remaining third being added to the fixed balance of the fund, as above provided.

36th. Civil servants *duly qualified by service and residence,* who may be willing to retire on annuities to be granted upon payment of an amount equal to one-quarter of the value thereof, are required to make application for the same within three months from the date of the above declaration being made and published by the managers of the fund. So far as the surplus available shall permit, annuities on the terms stated shall be given to the senior servants so applying, in the order of their seniority; and if the subscriptions of any servant, to whom such an annuity may be awarded, shall have exceeded in amount one-quarter of the value of the annuity, the excess shall be refunded to him out of the surplus declared. If the subscriptions be not equal in amount to one-quarter of the value of the annuity, the retiring servant shall make good the deficit before obtaining the certificate entitling him thereto. If he do so before the 1st May and shall have then retired from the service, his annuity will commence from that date. If he complete his payments and retire at any subsequent date of the same year, the value of the annuity will still be calculated as from 1st May, but the retiring servant will receive only the fractional portion of the annuity for the first year, calculated from the date of such payment and retirement, and his subscriptions after the 1st August shall not be credited in his account, but shall accrue to the fund, together with the unpaid portion of the annuity. If the applicants within three months, as above, do not by their annuities and by the refunds stated consume the entire declared surplus, the remainder shall be available to furnish annuities to any qualified senior servant who may apply for the same at any time within three years from the date of the declaration, and such annuities shall be given to applicants for the same in the order of application until the entire declared surplus is appropriated. For every annuity granted, an equivalent sum to the value thereof, according to the tables of the fund, shall be written off from the declared surplus and credited to the appropriated funds of the Institution; and if, at the end of three years from the date of decla-

ration, there shall remain any part of the declared surplus still unappropriated, such remainder shall lapse and be added to the fixed unappropriated balance of the fund.

37th. Civil servants who may not have completed the full period of twenty-two years' residence in India, and twenty-five years of service, but who may be compelled to retire from the service by sickness, duly certified as below provided, shall be entitled to receive from out of the declared value of the unclaimed annuities of any given year before the appropriation of the two-thirds and one-third are made under the above rule, as follows:—

If they have not completed ten years of residence, a donation of ..... Sa. Rs. 5,000
Or £500
If they have completed ten years of residence, but not more than fifteen, an annuity of..... £250
Or ..... Sa.Rs. 2,500
per annum, on payment, including the amount of their subscriptions, of one-half of the value thereof, according to the tables and rules of the fund.
If they have completed fifteen years, an annuity of £500
Or ..... Sa.Rs. 5,000
on the same terms.

To entitle a junior to the above benefits, it will be necessary for him before leaving India to furnish to the managers of the fund a certificate from his medical attendant, countersigned by a member of the medical board in Calcutta, certifying that he is, from some permanent cause or complaint, incapable of rendering further service in the climate of India; and this certificate must, in each instance of retirement, be confirmed in England by the examining physician of the Honourable Court of Directors, after the servant so retiring has resided at least one year in England.

38th. The 35th and 36th of the above Regulations are to be continued in force for three years from the 1st May 1836, unless the Honourable Court of Directors sanction their further continuance, whereof notice will be published in the *Gazette*. If by the sanction of the Honourable Court they be established as permanent rules of the fund, it shall nevertheless be competent to a majority of the subscribers in India, whenever they shall be satisfied that the number of annual retirements from the service is such as to require that all the annuities of each year should be reserved to meet the applications of candidates in future years, to suspend the operation of the above rules, by a resolution to that effect, duly passed at a general meeting.

39th. In modification of the third rule of the regulations of the fund, it is provided, that it shall be competent to any servant, duly qualified by residence and service, to receive the annuity, whether granted to him at half or at a quarter value, either in India or in England, subject only to the condition of previous resignation of the service, and of the acceptance of such resignation by the Government or by the Court of Directors.

40th. In modification of the rules adopted by the service on the 7th March 1834, it is hereby provided, in conformity with the instructions of the Honourable Court of Directors, that annuitants desirous to have their annuities paid to the date of decease, or to have them paid quarterly, will be entitled to these advantages upon payment, in addition to the half or quarter value of the annuity, as the case may be, of the full value stated for the same in the Table annexed to the said rules; but no annuitant shall be permitted to take the quarterly payment alone without at the same time taking the benefit of the rule for obtaining payment to the date of decease.

*** The periods at which the quarterly payments will be made are the first days of February, May, August, and November, in each year.

I. F. M. Reid,	Chief Secretary.
C. G. Mansell,	The Accountant General.
I. Lowis,	The Sub.-Treasurer.
I. H. Young,	The Civil Auditor.

H. V. Bayley, *Honorary Secretary and Accountant.*

Managers in England,

Henry Stone | Henry Alexander

Messrs. Cockerell and Co., *Agents.*

ART. I. THE object of the civil fund shall henceforth be to provide for the maintenance of the widows and children of such of the subscribers as may not, at their deaths, leave property sufficient for the subsistence and education of their families.

ART. II. The Hon. the Court of Directors, and the Governor General in Council, shall be solicited to continue Patrons of the Institution.

ART. III. The fund shall be supported by the contributions of the Company's covenanted Civil Servants on the Bengal establishment now subscribing, or who may hereafter join the service, aided by the donation of the Hon. Court of Directors; it being, as heretofore, at the option of such of the subscribers as were admitted to the service prior to the 17th of January 1823, and have not, in pursuance of a resolution passed at the general meeting of the 28th July 1817, signed the declaration of a determination to continue their contributions to the fund during the whole period of their service in India, at any time to withdraw altogether therefrom, forfeiting thereby all claims upon the fund, whether for sums subscribed, or on any other account whatsoever.

ART. IV. First. The ordinary contributions to the fund shall be proportioned to the monthly salary, or other public allowance of whatever description (including furlough allowance) received by each subscriber, according to the following rates:

If the salary, or other public allowance of the subscribers, be not more than 1000 Company's rupees per mensem, his monthly subscription shall be..... Co.'s Rs. 10

If more than 1000 and not above 2000..... —— 20

If more than 2000 and not above 3000..... —— 30

If more than 3000 and not above 4000..... —— 40

If more than 4000 ..... —— 50

Second. The sum by which the annual income of the fund is less than its annual expenditure shall be ascertained and declared by the managers as on the 1st of January 1838; and the deficit so declared shall be made up by assessing all subscribers to the fund rateably according to their allowances. The rate per centum on allowances of extraordinary contribution so to be assessed shall be declared by

the managers at the same time that the deficit is declared, and shall remain unaltered for three years from the said date.

Third. At the end of every three years from the 1st of January 1838, the managers shall, in like manner, ascertain and declare the deficit as it may exist at each triennial period; and shall, in like manner, ascertain and declare the rate of extraordinary assessment to be paid in the same manner during the next three years by all subscribers, for the purpose of meeting that deficit.

ART. V. The amount of contribution payable by each subscriber shall, with the permission of Government, be deducted by the civil auditor or other officer auditing the monthly pay bill of civil servants, and be transferred to the treasurer of the fund in such manner as may be found most advantageous to the fund, under the direction of the committee of managers; and all subscribers from whose salaries deductions may be made less than may be due from them, shall be obliged, on discovery of the error, to make up the difference to the fund, with interest thereon at the rate of five per cent. per annum.

ART. VI. The sub-treasurer of Government shall, with the permission of Government, be treasurer to the fund; and all money and securities for money belonging to the fund in India shall, with the like permission, be kept in the public treasury, subject to the direction and control of the managers of the fund.

ART. VII. The unappropriated receipts of the fund exceeding the sum of two thousand (2,000) Company's rupees (to be reserved for current expenses) shall be vested in the securities of Government, and made payable on account of the fund under the signatures of any three of the managers, but the treasurer of the fund shall be competent of himself to pass receipts for the interest receivable thereupon.

ART. VIII. The managers of the fund in India shall nominate such persons as may appear to them proper to act as agents for the fund in England; and any money that may be required for the disbursements of the fund in Europe shall be drawn for by, or remitted to the agents, as may be most advantageous to the fund, in such manner as the managers, under the control of the subscribers, from time to time may determine.

ART. IX. A duplicate copy of all rules and resolutions, which may be passed relative to the fund, shall be transmitted to the agents in England for their information, and that of all persons who may apply to them upon the subject.

ART. X. A half-yearly general meeting of the subscribers to the fund shall be held at the presidency of Fort William in the months of January and July of each year, on a day to be fixed by the committee of managers, and notified in the Calcutta Gazette, and in two of the daily papers, two months before the day so fixed upon.

ART. XI. The committee of managers, or any nine members of the institution, may also convene a special general meeting at the presidency by public notice, provided that the day fixed for holding such special meeting, and the object of it, be advertised, in the man-

ner prescribed in the foregoing article, for the general information of the subscribers.

ART. XII. All questions proposed at a general meeting, whether half-yearly or special, shall be determined by a majority of votes, but the concurrent voices of at least nine members actually present shall be requisite to carry any motion whatever. The resolutions or proceedings of all general meetings shall be signed by the chairman, and published in the Calcutta Gazette.

ART. XIII. Should the managers or any member or members be desirous of bringing forward, at a half-yearly meeting, any new general question, or any question involving an increase or diminution of the rate of contribution now fixed, or any essential addition to, or alteration in the rules and principles of the institution, now established, or any case not distinctly provided for under these rules, due notice of the purport thereof shall be given in the Calcutta Gazette and in two of the daily papers, at least two months before such meeting; provided, however, that on such questions and cases no resolution of a general meeting, whether half-yearly or special, shall be conclusive, but the determination of the meeting shall be referred to the subscribers at large, for final adoption or rejection, by the transmission of their votes to the managers within two months after the date of issuing the notice, either by advertisement or by separate letters to each subscriber, as may be determined by the meeting. It shall be the special duty of the chairman of any meeting to require attention to this rule.

ART. XIV. The resolution of a general meeting on any question not falling within the provisions of the preceding article shall be open to revision, after two months' previous notice given through the secretary, and published in the Calcutta Gazette, and in two of the daily papers, of a motion to that effect, at the next general meeting which may be held at a period of not more than four months subsequently to the general meeting at which such resolution was passed, and two months subsequently to the date of the notification above prescribed; but the resolution of such subsequent meeting on such question shall be final and conclusive; provided always, that no resolution of a prior meeting shall be reversed or altered at a subsequent meeting except by a majority, consisting of as many votes, at the least, as decided the question in the first instance. All resolutions not subjected to revision under this article shall be deemed final and conclusive.

ART. XV. Upon all questions duly advertised for discussion at any general or special meeting, all subscribers shall be allowed to deliver their sentiments and votes, either by a written communication to be signed by them and addressed to the chairman of the meeting, or by proxy. General proxies will only be allowed on behalf of members who have proceeded to sea, and then will last till the return or the receipt of intelligence of the decease of the party giving such proxy.

Parties holding general proxies shall be entitled to vote on any question whatever that may arise. The holder of a special proxy

shall be entitled to vote on any point connected with the question for which the special proxy was given, that may be discussed at the meeting summoned for its determination.

But it is hereby provided—

First. That no proxy, either special or general, shall be in any way valid, unless the same shall have been registered in the office of the secretary to the fund, and countersigned by that officer, at least fifteen days prior to the occurrence of any meeting at which such proxy is intended to be used; and secondly, That no individual shall, under any circumstances, hold at one time more than twenty proxies. Should more than twenty proxies be tendered for registry in favour of any individual, it shall be the duty of the secretary to the fund to give notice thereof to the holder and to the granters whose proxies are last tendered for registry, with the view to their appointing some other party to vote on their behalf. A second nomination shall be valid if registered and countersigned at any time before the meeting at which it is intended to take effect.

For forms of general and special proxies, see A and B of the Appendix.

ART. XVI. The annual accounts of the fund shall be made up to the end of April, and submitted by the managers at the half-yearly general meeting of the subscribers to be held in the month of July of each year. After being approved by the meeting, a general statement of the state of the fund shall be published, for the information of the subscribers, in the Calcutta Gazette. A committee of managers of the fund shall at each January meeting be appointed for the ensuing year, and shall consist of the secretary to the Government in the general department, the accountant-general, the sub-treasurer, and the civil auditor, for the time being, with five other members to be elected at such general meeting.

ART. XVII. The committee of managers, or the majority of those present at a meeting of five or more, or if less than five be present, any three members of the committee who may concur in opinion shall be competent to decide, in the first instance, upon all matters connected with the fund not expressly reserved for the determination of a general meeting; but every act of the managers shall be liable to revision and control by the resolution of a general meeting. It shall, moreover, be the duty of the managers to report at the half-yearly meetings the matters determined by them in the expired period.

ART. XVIII. The committee of managers shall, subject to the control of a general meeting, appoint the secretary and accountant to the fund, and shall fix such allowance for him payable from the fund as they may consider adequate to his services. The officer so appointed shall act under the immediate directions of the committee of managers, and shall also attend and obey the instructions of all general meetings of the subscribers, the proceedings of which and of the committee of managers, and generally all papers appertaining to the institution, which may not be intrusted to the treasurer in India or to the agents in England, shall be kept under the charge of such secretary and accountant, and shall, on applica-

tion to him, or to the committee of managers, be open to the inspection of any of the subscribers to the fund. It is to be understood that the secretary and accountant appointed as above shall not be subject to removal from his situation by any future committee of management, but in concurrence with a majority of subscribers at a general meeting held as prescribed; provided, however, that it shall at any time be competent to the committee to suspend the said secretary and accountant from the exercise of his functions, and to delegate them to another, pending the disposal of the question which may have given rise to such a proceeding.

ART. XIX. In the event of any of the managers who may be elected annually being subsequently removed from the presidency without an intention or expectation of returning during the year of their election, it shall be communicated to the subscribers at the next general meeting, and in such instances, as well as in all instances of a vacancy in the situation of manager by death or otherwise, a new election, if necessary, shall take place for the unexpired term of the current year.

ART. XX. All applications for admission to the benefits of the fund shall be made to the committee of managers; and shall be accompanied by the necessary information, documents, and proofs, to enable the managers to ascertain the circumstances and situation of the party on whose behalf the application is made.

The managers, after calling for any further information or evidence which may appear to them requisite, are to submit the application with the whole of the papers received by them, and the decision they may have come to thereupon, for the determination of the subscribers at the next general meeting. In cases of emergency and distress, when the managers may consider the party for whom the application is made clearly entitled to the benefit of the fund, they are authorized to advance such proportions of the fixed allowances hereafter specified, as may appear to them indispensably requisite, until a determination can be passed by the subscribers at the next general meeting aforesaid.

ART. XXI. On the death of any subscriber to the fund, who may not be possessed of property sufficient to provide for his family, and may leave a wife cohabiting with, or maintained by him, or living under his protection at the period of his decease, without an adequate provision for her support as hereafter specified, if, on the information which may be submitted by her, or in her behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that she is a proper object of the fund, a pension shall be assigned to her from the fund, under the provisions and with the limitations stated in the following article: provided that nothing contained therein, or in any part of the rules of this institution, shall be considered to entitle to the benefits of it, any widow who may have been separated under a legal decision from her husband for misconduct on her part, or who may be known to have been living in a state of adultery, though not divorced or separated from him by law.

ART. XXII. First. If the widow, at the time of her husband's death, be resident in India, and be left without an income exceeding one hundred Company's rupees per mensem, a pension shall be assigned to her from the fund of three hundred Company's rupees per mensem during her residence in India. If the widow be not resident in India at the time of her husband's death, or shall afterwards quit India, and her income, from her husband's estate or otherwise, shall not exceed one hundred pounds sterling per annum, the pension to be assigned to her from the fund shall be three hundred pounds sterling per annum.

Secondly. If the income of the widow, resident in India at the death of her husband, be more than one hundred Company's rupees per mensem, but shall not exceed four hundred per mensem during her residence in India, or if the widow be not resident in India at the time of her husband's death, or shall afterwards quit India, and her income be more than one hundred pounds sterling per annum, but shall not exceed four hundred pounds sterling per annum, the pension to be assigned to her from the fund shall be such as will make up her income to four hundred Company's rupees per mensem during her residence in India, or four hundred pounds sterling per annum in Europe or elsewhere.

Thirdly. In the event of a widow, to whom a pension may have been assigned from the fund, acquiring subsequently by inheritance, bequest, or otherwise, any property or income which, with the property left on her husband's decease, and the pension received by her from the fund, may render her total income, including her pension from the fund, more than four hundred Company's rupees per mensem, during her residence in India, or more than four hundred pounds sterling per annum in Europe, or elsewhere, her pension from the fund shall be liable to abatement in proportion to the excess of her entire income, including the pension, above the sum specified; or to be altogether discontinued, in the event of her property or income, exclusive of the pension assigned to her from the fund, being equal to the full sum of four hundred Company's rupees per mensem in India, or four hundred pounds sterling per annum in Europe, or elsewhere.

Fourthly. All pensions to widows shall be discontinued on their re-marriage. But in the event of their being again left in a state of widowhood without an adequate provision for their support, and of their appearing to be proper objects of this fund, they may be again admitted to the benefits of it under the same provisions and limitations as on their original admission.

Fifthly. The pensions to widows, who may be admitted to the benefits of the fund, shall be paid in advance half-yearly to themselves, or to their authorized agents, but the acknowledgment of the widow herself shall be taken for all sums paid on her behalf, and shall contain a solemn declaration that her entire income, including the pension received by her, does not exceed the sum of four hundred Company's rupees per mensem if she be resident in India, or four hundred pounds sterling per annum if she reside in Europe, or elsewhere. And it shall be incumbent on the managers

to suspend the payment of the pension of any widows who may refuse to make such declaration, reporting the case for the decision of a general meeting of the subscribers.

ART. XXIII. If any subscriber to the fund shall die without the means of providing for his family, and shall consequently leave a child or children, born in wedlock, without an adequate provision for their maintenance and education, and if on the information, documents, or evidence which may be submitted on their behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that they are proper objects of the fund, an allowance for their maintenance and education shall be assigned from the fund under the provisions and limitations contained in the following article.

ART. XXIV. First. If the child or children of the deceased subscriber shall be left without any provision from his estate or otherwise, the allowance for the education and maintenance of each child to be granted from the fund in India, or in Europe, shall be according to the age of the child, as follows, *viz.*—Till five years of age, thirty Company's rupees per mensem in India, or thirty pounds sterling per annum in Europe; from the commencement of the sixth year, to the end of the eighth year, forty Company's rupees per mensem in India, or sixty pounds sterling per annum in Europe; from the commencement of the ninth year, to the end of the eleventh year, fifty Company's rupees per mensem in India, or eighty pounds sterling per annum in Europe; from the commencement of the twelfth year, sixty Company's rupees per mensem in India, or one hundred pounds sterling per annum in Europe.

Secondly. If any provision be left by a subscriber for his child or children, or if after his death such child or children shall at any time become possessed of any property or income by inheritance, bequest, or otherwise, but not such as to afford the sums specified for their education and maintenance, the allowance to be granted from the fund shall be such as, in addition to the property or income possessed by them, will make up the several sums above specified, according to their respective ages, and as they may be resident in India or in Europe.

Thirdly. In the event of the property or income left to the child or children of a subscriber, at his death, or which may subsequently devolve to, or be in any wise acquired by them, being such as to afford the amount specified for their education and maintenance, they will not be entitled to any allowance from the fund; and any allowances which may have been granted before such accession of property or income shall be discontinued.

Fourthly. The allowances granted from the fund, for the maintenance and education of children, shall be paid in advance half-yearly, to their guardians, or relatives having the care of them, or to such persons as may be intrusted with the disbursement of the sums allotted for them, either by the managers of the fund in India, or by the agents to the fund in England.

Fifthly. The provision so made from the fund, for the main-

tenance and education of female children, shall cease on their marriage, and the provision for male children shall cease on their being settled in any profession, or employment, or on their attaining the age of twenty-one years, whichever shall first happen.

ART. XXV. No family becoming hereafter dependent on the fund shall receive from the fund an allowance exceeding in all six hundred pounds sterling per annum, or in India six hundred Company's rupees per mensem, and the reduction shall be made rateably.

ART. XXVI. First. It being the obvious duty of all persons who have families, and possess property sufficient to provide for them, to make a proper testamentary provision for them, it shall be requisite, in all cases of application being made to the fund for assistance to the family of a deceased subscriber, that an authenticated copy of the will of the deceased, or if he shall have died intestate, that a full and authentic statement of any property left by him, and of the legal heirs thereto, be submitted for the information of the managers and subscribers; and it is hereby declared that a general meeting of the latter duly held, according to the rules of the institution, shall have full power to reject the application for aid from the fund in any instance in which it may appear that a subscriber leaving property at his death, and having the power to dispose of it, has made no due provision for his family.

Secondly. And in case it shall be proved to the conviction of a general meeting of subscribers that a deceased member of this fund has during his life-time, whether in immediate anticipation of his death or otherwise, made such a disposition of any part of his property, real or personal, as but for this rule would throw the entire or partial support of his widow or offspring upon the fund, who would not have been so supported by the fund had such part of his property not been so disposed of, with the intention thereby of benefiting any party at the expense of the fund, then the widow or offspring of such a member or both shall forfeit all right to any part of the support which would have been claimable if no such disposition had been made.

ART. XXVII. In addition to the information required by Articles XX. and XXVI. to be furnished to the managers, before any allowance shall be granted from the fund to a widow, a solemn declaration shall be made and subscribed according to such of the subjoined forms as may be applicable to the circumstances of the case.

First. If the widow shall not have any offspring by the deceased, and shall not be possessed of any income except such as may be derived from personal property, the declaration to be made shall be according to the form C of the Appendix.

Secondly. If the widow shall have any child or children living by her late husband, or if any child of his shall afterwards be born, and neither she nor such child or children shall be possessed of any income except such as may be derivable from personal property, the declaration to be made shall be according to the form D of the Appendix.

Thirdly. If the widow shall possess or be entitled to any income exclusive of such as may be derivable from personal property, there shall be substituted for either of the preceding forms, the form E of the Appendix.

ART. XXVIII. Whatever real or personal property the widow or offspring of a subscriber may be possessed of at the time of application for admission to the benefits of the civil fund shall be regarded as an available source of income, and, as such, shall be taken into account at a just valuation, or according to the amount realizable by public sale, the income derivable from such property being calculated at a rate of interest at four per cent. per annum. But from the latter part of the above provision are to be excepted all monies vested in Bank of Bengal shares, Government notes, or other public securities, the income arising from which shall be taken at what they actually yield. The same rule of calculation shall be adopted in the case of property of any description afterwards devolving on an incumbent on the fund.

ART. XXIX. The declaration which by the 5th clause of Article XXII. is required to be made half-yearly by widows who may be admitted to the benefits of the fund shall be according to the form F of the Appendix. And in case a widow shall have acquired any property whatever subsequently to the date of her admission to the benefits of the fund, a specification thereof shall be subjoined to that declaration.

ART. XXX. The mother, guardian, or other person, who may be in charge of any child or children entitled to a provision under Articles XXIII. and XXIV. of these rules, or any other person who may be authorized to receive the same on account of such child or children before he or they shall be enabled to receive the annuity payable, or any part thereof, shall take and subscribe a solemn declaration according to the form G of the Appendix; and if such child or children shall have become entitled to any property yielding an income, the same shall be specified as provided in that form.

ART. XXXI. The several declarations required to be taken by the 5th clause of Article XXII. and by Articles XXVII. and XXX. shall be made before a justice of the peace, or other person competent to take the same, and such declaration shall be dated and signed on or subsequent to the day on which the annuity is claimable, and shall, in the event of the widow, guardian, or other person entitled to receive the same being in Europe, be delivered to and left with the agents for the fund in England; or if such widow, guardian, or other person shall be in India, it shall be delivered to and left with the managers of the fund for the time being.

ART. XXXII. If a married or widower subscriber to the fund, continuing in the civil service, shall have proceeded to or remain in Europe, otherwise than on furlough allowance, he shall be permitted, in order to secure to his family the benefits of the institution in the event of his death while absent from India, to pay to the fund a monthly subscription equal to that which he would have been required to pay if on furlough allowance: provided, however, that no subscriber shall be permitted to avail himself of the above

rule for any period exceeding five years from the date of his departure from India, and that no subscription shall be received from him after the expiration of that period: provided further, that should the average payments above described be discontinued for the period of one year consecutively, the same shall be held and deemed to be a resignation and abandonment of the institution, and the family of the subscriber shall not have any claim upon the fund, even upon payment of the arrears due, unless good and sufficient cause for the omission be shewn to the satisfaction of a majority of the subscribers at large.

ART. XXXIII. If a subscriber to the fund who has served twenty-two years in India retires from the service, or if, having served ten years in India, he retires from ill health, and at the time of retirement, as above stated, shall have contributed by his previous payments to the fund, including interest, the sum of twenty-five thousand Company's rupees, or if, on his quitting the service, he shall pay to the fund what may be wanting to complete his contribution to that amount, such contribution shall entitle the family of such subscriber on his death to the benefits of the institution, under the several provisions herein-before stated, or such as may hereafter be established, in like manner as if his death had taken place during his residence and actual subscription to the fund in India. The family of any subscriber to the fund who may die during his temporary absence from India on leave shall be considered entitled to the benefits of the fund under the existing rules. Subscribers in India who may cease to receive any public allowances shall be considered as having retired from the service from the date of their allowances ceasing. In all cases, not expressly provided for, it shall be at the option of the subscribers at large to admit or reject the claim of any subscriber or his family, and such decision, duly passed, shall be final and conclusive.

ART. XXXIV. In the event of any subscriber to the fund discontinuing his monthly subscription thereto for the period of one entire year, he shall be considered to have withdrawn from the fund altogether, and his family shall not, in the event of his death, have any claim upon the institution; provided, however, that in all such cases it shall be the duty of the managers to cause a written communication to be made by the secretary to such subscriber, informing him that his name has been struck off the fund; and provided further, that it shall be competent to a general meeting of the subscribers to re-admit such member, on his appealing to the subscribers at large, and shewing what in their opinion shall be good and sufficient cause for his having omitted to comply with the rules of the fund.

ART. XXXV. If a subscriber to the fund shall be suspended from the service of the Hon. Company, and shall die during the period of his suspension, his widow and children shall be entitled to the benefits of the institution in like manner as if he had not been suspended, provided he continue to pay at the rate fixed on his actual allowances under Article IV.

ART. XXXVI. If a subscriber to the fund shall be dismissed

from the service of the Hon. Company, in the event of his death, his widow and children shall have no claim to the benefits of the institution, and he shall not be allowed to retain any interest in the fund by making any payment whatever.

ART. XXXVII. Any person admitted into the Bengal civil service, with permission to take rank in that service above any person that has been a subscriber to the fund for a longer period than one year, shall not be entitled to become a subscriber to the fund except upon the following conditions: *viz.*

First. If the individual so circumstanced shall be unmarried, he shall not become a member of the fund except on condition of his paying to the treasurer, within a period not exceeding six months from his commencing to receive salary from the Bengal Government, a sum of money equal to the average amount of the aggregate subscriptions of the unmarried members in whose year the individual wishing to subscribe may rank in the Bengal civil service, with interest thereon at the rate of five per cent. per annum.

Secondly. If the individual so circumstanced shall be married, or be a widower having a child or children, he shall not become a member of the fund, except on condition of his paying to the treasurer, within a period of six months from his commencing to receive a salary from the Bengal Government, a sum of money equal to the average amount of the aggregate subscriptions of the married members, retaining a contingent interest in the fund, in whose year the individual wishing to subscribe may rank in the Bengal civil service, with interest thereon at the rate of five per cent. per annum.

Thirdly. Any applicant giving to the secretary of the fund a written authority for the deduction of twenty per cent. from his future monthly allowances until the sums due from him under the above rules with interest at the rate of 5 per cent. per annum be paid up, shall be considered as having fulfilled the conditions required of him; provided always, that his family shall not benefit from the fund if he quit the service before paying up the whole amount due from him.

Fourthly. The managers are authorized to admit applicants in the first instance agreeably to the foregoing rules, but in all such cases the application shall be submitted for confirmation at the next general meeting.

Fifthly. All cases and questions not expressly provided for by these rules shall be submitted by the managers for the votes of the subscribers at large, whose decisions thereon shall be final.

This certificate being confirmed by the declaration to the same effect, from the person so applying to be admitted. Applications from married officers being also accompanied by a certificate of their marriage.

2d. That donations and arrears of subscription, according to the rank at the time of admission, be paid with compound interest on those sums accumulated half yearly, at the rate of eight per cent. per annum. The arrears to commence from the date of the institution of the fund, or from the entrance of the person into the service, if subsequent to the institution of the same.

3. A subscriber withdrawing from the fund, forfeits, *ipso facto*, all claims to its benefits, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession. Should he afterwards be desirous of again becoming a subscriber, he will be admissible on the same terms as a new subscriber, as described in the second article.—*Note.*—This article is applicable to voluntary subscribers only.

4. Subscribers who may retire from the service on the prescribed pension of their ranks, or in ill-health, before entitled thereto, or who may return permanently or upon furlough to Europe, shall not forfeit their title to the benefits of the fund, provided they continue the regular payments of monthly subscription of their ranks, agreeably to the rates laid down for each rank in Table No. 2.

5. Subscribers not in ill-health retiring from the service before they are entitled to the full pension of their rank, shall not forfeit all claims on the Institution, provided they continue to pay the Indian rates of subscription of their respective ranks.

6. Officers are permitted to subscribe according to army rank, on furnishing the prescribed certificate of health, subscription, and donation, as in every other case, being calculated from date of such rank.—Under this rule, medical officers may subscribe as captains after fifteen years' service.

* In all cases when the difference of age of the husband exceeds that of the wife fifteen years, the donation to be increased 10 per cent.; when twenty years 15 per cent., when twenty-five years 20 per cent.; when thirty years 25 per cent.; thirty-five years 30 per cent.; when forty years 35 per cent.; and thereafter in a similar proportion.

Note.—Subscribers paying regular donations by twelve instalments pay interest at 4 per cent. per annum.

and arrears of subscription accumulated half-yearly (as by article 2 of the existing rules) from the date of these rules taking effect, or from the completion of the qualifying service.

9. Subscribers may redeem by a single payment the periodical subscription exigible under Art. 7, the equivalent sum being determined on this principle.

The amount of yearly subscription shall be multiplied by the value of an annuity of one on the subscriber's life according to his age; that value to be taken from a table, of which the following is a specimen. On promotion, the subscriber will be liable to pay difference of donation, and to pay or redeem difference of subscription.

10. Subscribers on promotion shall be required to pay the difference of donation between their former and increased rank, as married or unmarried, agreeably to the rates specified in Table No. I. whether in India or Europe.

11. The donation may be paid at once, or by monthly instalments, not exceeding twelve, at the option of the subscriber, in failure of which all claims shall be forfeited upon the fund, either for himself or widow, unless the amount be paid with interest at 12 per cent. per annum from the day of admission.

12. Monthly subscriptions of subscribers shall be paid within four months after they become due, on pain of exclusion from the society or forfeiture of double the arrears of subscription, except satisfactory reasons can be assigned for the delay of payment. Officers authorizing their paymasters to deduct their subscriptions from their monthly pay, shall not be subject to the above penalty; but shall nevertheless be responsible for the arrears, in case it shall appear that the paymaster has neglected to make the proper deductions; if payment be then refused, the name to be struck off, if the party entered the service before subscription was made compulsory. Arrears which may be due to the fund by a subscriber at the time of his death, will, if not discharged by the paymaster of the corps to which the deceased was attached, or by his executors or agents, be deducted from the pension of his widow.

13. All subscribers marrying after their admission into the fund, and who may be desirous that their widows should possess claims to the eventual benefits of the fund, are required to inform the secretary of their marriage; and, unless this information be given, and payment of the additional donation made within six months after such marriage, the subscribers shall be required to pay double the amount with interest.

14. Subscribers who may be prevented from drawing pay from a temporary cause over which they had no control, such as captivity, or furlough extended on medical certificate, shall, during such period, be exempted from the payment of monthly subscription, without forfeiture of the rights of the subscription; but on the removal of such incapacity, and upon the receipt of pay, the arrears are to be made good within six months. But if the incapacity to pay proceed from any other cause, dependant upon the choice or conduct of the individual, such as furlough extended on private affairs, or any penal suspension from rank and pay, not only shall the arrears so accumulated be paid within the above term, but compound interest charged on the amount.

Section III.—*Benefits derivable from the Bengal Military Fund.*

15. The benefits derivable from the Military Fund are twofold:

1st. Such as are granted by the regulations to subscribers while living.

2d. Such as are granted to widows of deceased subscribers.

16. The benefit granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being, who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim; it will in such cases be their duty to call for further information from the claimant; and, if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim.

17. A subscriber of whatever rank, who may proceed to Europe on sick certificate, and who may not be allowed passage-money from Government, shall be authorized to apply to the Military Fund for the sum of sicca rupees 1,567-9-1 to defray the expense, provided his application shall be accompanied by a sincere and solemn declaration that he does not possess the sum of rupees 5,000, or property of any description to that amount; and also shall be entitled on his return to India to receive from the agents in England the sum regulated for the outward passage* on the production of a similar declaration.

18. A subscriber so proceeding to England on sick certificate shall be authorized to apply for the further sum of rupees 300 for his equipment, his application being accompanied by a solemn and sincere declaration of his not being possessed of the sum of rupees 2,000, or property of any description to that amount; but no allowance will in any case be made for equipment to a subscriber returning to India.

N.B. The benefits held out in the two preceding articles should be applied for when claimable; and no claim will be admitted, which is not preferred within twelve months from date of furlough.

19. Subaltern officers proceeding to England on sick certificate who shall make a solemn and sincere declaration that they do not

Captains	125
Subalterns	110

possess property which will produce an income of £50 per annum, shall be allowed that sum annually during the period of receiving English pay on furlough. The declaration to be renewed annually.

20. It having, however, been deemed necessary to set limits to the claims for gratuitous passage-money, equipment allowance, and income to subscribers proceeding to England on sick certificate, no subscriber shall consequently be entitled to this indulgence more than once in eight years, reckoning from the renewal of Indian subscription.

21. Subscribers proceeding to England from any place not under the presidency of Bengal, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

22. The second class of benefits, namely, those granted to widows of deceased subscribers, are absolutely not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

23. The widows of deceased subscribers shall be entitled to receive the annuities specified in the annexed table.

Provided that nothing contained herein, or in any other part of these rules of the institution, shall be considered to entitle to the benefits of it any widow who may have been legally divorced or separated from her husband for adultery, or who, at the period of her husband's demise, may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law, or who subsequent to her husband's decease may be living in a notorious state of incontinence.

24. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her again becoming a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married, but subject of course to all the limi-

tations and conditions prescribed by the regulations in the first instance. If the second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be the greatest; that is to say, according to the rank of the first or second husband, whichever may be the higher.

25. Every widow benefiting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only) to an allowance of rupees 1,567-9-1, the claim to be determined by the following rule:—

If the money possessed by a widow exceed the sum of 12,000 rupees, the same being available for immediate expenditure and entirely at her disposal, she shall not be entitled to the benefit of passage-money. In like manner, although not immediately available, nor at her disposal, if the yearly interest of such money exceed the sum of £68 8 9, the claim to passage-money will be disallowed.

26. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors, after submission to the army, to make a proportionate deduction from the annuity of each annuitant, excepting always the present annuitants of the Bengal Widows' Fund, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of the surplus, but not otherwise.

Section IV.—*General Regulations.*

27. The Bengal Military Fund is to be administered by a president and twelve directors, to be chosen annually, on or about the 15th of January, by a general meeting of all subscribers who may be present at the presidency. Subscribers who may be absent from the presidency may vote for directors by proxy, on addressing to the secretary letters containing the names of the persons for whom they wish to vote, or by transmitting such names under their signature to the general meeting by the hand of any other subscriber. The directors who shall be found duly elected shall then choose their president from amongst themselves. The precise day and place of meeting shall be notified by the president, in the Calcutta Gazette, at least two calendar months beforehand.

28. At the annual meetings, the accounts of the fund, and proceedings of the directors for the past year, shall be laid before the meeting, for inspection and approval by the subscribers present, who were not of the direction; after which the meeting at large will proceed to choose directors for the ensuing twelve months. The accounts to be published for general information.

29. The directors of the past year are eligible to be re-elected.

30. All subscribers who may have contributed to the fund by paying donations and subscriptions in their respective ranks, during six continued months before any meeting, are entitled to attend to examine the accounts and proceedings, and to vote for directors.

31. In the event of a vacancy in the office of directors occurring, in the intermediate period between two annual meetings, the directors may choose a successor from amongst the subscribers at the presidency, who may be eligible to the office.

32. On occasions of any particular and important business which may necessarily require the opinion of the society at large, special meetings will be called of the subscribers at the presidency (others voting by proxy) as provided for in Article 27. Or if any alleged mismanagement, or other emergent cause, should occur to any twelve subscribers to require the notice of the society at large, a special meeting shall be summoned by the president on the written requisition of such twelve subscribers under the forms above prescribed.

33. The directors shall have a secretary chosen by themselves, who also shall be an accountant, with an establishment, upon such allowances as shall be deemed adequate to the respective duties.

34. The secretary will be expected to have an office at his own residence for the accommodation of the meetings of the directors, for the preservation of the records, and for the purpose of affording access to the officers of the army at large to the books of the institution.

35. The directors of the fund will hold regular monthly meetings; but no meeting of the directors consisting of a smaller number than five shall be competent to the transaction of business; and it will rest with any director, or with the secretary, to represent the occurrence of such necessity to the president, who will convene a special meeting within ten days from the date of his receiving the application: but no special meeting shall be called with the view of reconsidering resolutions which may have been already adopted by a former meeting of directors, unless at the requisition of a number of directors greater than that which attended such meeting.

36. The secretary will invariably lay before the directors, either at the regular or special meetings, all letters that may have been received by him since the last meeting. Minutes of the proceedings of all meetings will be recorded and authenticated by the signatures of the directors present. The secretary will also submit to the directors who attended, drafts of all the letters which in those meetings he may have been desired to write. Letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the secretary, without waiting for a meeting of the directors; but every letter proposed to be dispatched by the secretary, must previously receive the special sanction of one director, signified by his initials to the drafts, which will be sent to him for consideration.

37. The secretary will keep the set of books in use in the Military Widows' Fund, under instructions which he may receive from time to time from the directors of the fund.

38. The books and correspondence of the fund shall be at all times open to the inspection of subscribers.

39. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for con-

sideration, and the affirmative or negative of the majority of individual votes (to be ascertained at the expiration of four months) shall decide its adoption or rejection.

40. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred by the directors and decided upon in the manner prescribed in the preceding article, and the decision upon such appeal, or that of the directors in cases not appealable, shall be final in all cases whatever; any further agitation of the question, by a process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

41. When a reference shall be made to the subscribers at large respecting either a proposed regulation, or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

42. Generally all payments due from the fund are to be made half-yearly in England, and monthly in India, but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

43. Any arrear which may be due to the fund, by a subscriber or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

44. All income derived from the Bengal Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

45. If a subscriber who may be dismissed from the service, by a court-martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund on payment of the arrears that may have been accumulated, with compound interest thereon, in the same manner as if he had suffered only temporary suspension.

46. All property belonging to the Military Fund at any period shall be invariably vested in the Honourable Company's securities, with exception of a small balance to meet current expenses, and monthly pensions.

47. The business of the fund in Europe shall be conducted through the agency of Messrs. Cockerell, and Co., who will from time to time receive the necessary instructions for their guidance, and to whom such applications will be preferred as cannot with equal convenience be submitted to the directors of the fund in India.

Quota according to Rank of Officers who contribute to the Fund.

	Monthly, St.Rs.	Per annum.
Major and chaplain	9 0 0	£13 10 0
Captain, surgeon, commissary of ordnance	6 0 0	9 0 0
Subaltern, assistant-surgeon, and deputy commissary of ordnance	3 0 0	4 10 0
Conductor of ordnance	1 8 0	

N.B. It was optional with the officers of the ranks superior to that of major to continue or discontinue their subscriptions; these being by the original law of the society voluntary and discretional. The following proportionate scale of monthly contributions has since been established for the different classes of persons coming under this description, *viz.*

	Per annum.
Lieut.-colonel, and superintending surgeon	£12 to £18 0
Colonel, and member medical board	15 22 10
General officer not on the staff	15 18 0
General officer on the staff	18 27 0

And by a regulation of the Honourable Court of Directors, all cadets appointed to this presidency subsequently to the 8th April, 1807, are compelled to enter into a stipulation to contribute to the fund according to the foregoing rates, upon reaching the higher ranks. A great majority of those subscribers, who were not under any stipulation to continue their contributions after promotion to lieutenant-colonel, have, on attaining that rank, signified their assent to contribute on the above scale; and those who have declined subscribing after having attained the rank of lieutenant-colonel, are, by decision of the army, regarded as having thereby forfeited all claims on the institution.

Regulations for the Admission of Orphans.

That no child possessed of any property shall be admitted, unless the amount shall be lodged for its use and benefit in the society's funds.

That no child of any subscriber, dying intestate, shall be admitted, if on inquiry there shall appear to have been (after payment of lawful debts, an adequate provision made for the mother) property remaining to the estate, equal to making a provision for, and which might have been bequeathed to, such a child.

In any case when an officer may die, leaving a natural born child or children, and possessed of property not sufficient to preclude the children from the benefits of the institution, and such officer shall not by will make such reasonable provision for these children as his circumstances may enable him, such children shall not be entitled to the benefits of the institution.

That when, in the will of any subscriber, part only of his children are provided for, and others either excluded by name, or otherwise not noticed in its provisions, such omission arising manifestly out of the intention of the testator, such exclusion or

omission shall be considered to invalidate the claims of all the children on the institution.

That all cases of capricious or unequal provision, which by favouring the mother preferably to the children, or one child in preference to another, shall appear calculated to throw all or any part of a subscriber's family on the fund, shall be considered to invalidate the claims of all.

That any provision by will or settlement for the widow of a subscriber greater than 3-5ths (three-fifths) of the property to be devised when there shall be only one child; ½ (one-half) where there shall be two, and 1-3d (one-third) where there shall be any greater number of children than two; the remainder being in all cases considered the property of the child, or (in equal portions) of the children, shall be considered unequal, agreeably to the two foregoing articles, and invalidate the claims of the children accordingly. Provided always, that a provision for the widow, to the amount of 12,000 sicca rupees (sicca rupees twelve thousand), shall not be held to invalidate the claims of the child or children, although such sum may be more than three-fifths, one-half, or one-third of the property devised. The widow may likewise possess a further sum of 12,000 sicca rupees if derived from other sources than property left by her husband, as from her own parents, father, brother, &c., or the subscription of her friends; and in case that less than 12,000 rupees should be left by her husband, such sum as shall not exceed *in all* the amount of 24,000 rupees, without the claim of the orphans upon the fund being thereby affected.

That in all cases of children born not in wedlock, any provision for the mother exceeding sicca rupees 30 (sicca rupees thirty), if a native; if European, sicca rupees 50 (sicca rupees fifty), per month, the principal of such sum in all cases to be secured to the child or children, shall be considered in the same light as the above, and invalidate all claims upon the foundation.

That subscriptions for the families of deceased subscribers are in all cases to be regarded as available sources of relief to the funds of the society, and in that view are to be considered of, and judged by the foregoing rules, in the same manner as any other disposable property; *with this only exception*, that, whereas such subscriptions are for a joint benefit, and lodged in the hands of trustees, it shall not be indispensable that the orphans' portions (estimated as above) be paid as capital sums into the society's funds; but it shall be sufficient that the interest upon them be from time to time duly paid by the said trustees into the society's treasury, so long as the orphans continue an expense to the institution, to be appropriated to their maintenance, whether in Europe or in India.

That should such children be allowed to remain with parent or friend, the interest on their said portions will be calculated in part payment of the regulated monthly allowance, the society regularly paying or receiving the balance; but should they be placed

at Kidderpore, or under the management in England, the amount of interest on their several shares (calculated as above) must be paid into the funds of the society, on failure of which payment during a period exceeding 12 months, the said orphans shall be liable to be struck off the books of the institution.

That with a view to obtain the most correct information possible, as well on the foregoing as all other points affecting the interest of those children who may be offered to their guardianship, the general Management will and do expect (besides the customary affidavit) the fullest information from executors and others, and an unreserved communication of testamentary and all other documents, of which the nature of the specific cases may admit, and do reserve to themselves the entire right, conveyed to them by their original constitution, of rejecting orphans tendered without such information and documents; or if, on reference to them, there shall appear any evidence of design unnecessarily and intentionally to burthen the fund, by throwing on it those who might and ought to have been otherwise provided for.

That the marriage portion to female orphans shall in no case exceed sicca rupees 2,000; and if the ward claiming the dowry has property to an amount exceeding sicca rupees 3,000, the society will advance a sum that shall increase the amount to sicca rupees 5,000.

EXTRACT FROM THE REVISED REGULATIONS.

Section I.—*Admission of Subscribers.*

ART. 1. THE following description of persons under the Presidency of Madras, and they alone, are eligible to become subscribers to the fund:—1st. Cadets.—2d. Chaplains.—3d. Commissioned officers of the medical establishment.

2. Medical officers, who may signify their wish to become subscribers within six months after the date of their admission on the establishment, shall be admitted on the same terms as cadets, provided they are not married, and have not any legitimate offspring.† But chaplains or medical officers being married, or having legitimate offspring, shall be required (provided, in the case of medical officers, their application be made within six months as above) to pay the donation and subscription of their actual rank, as married, with arrears of subscription, to be calculated from the date of their admission on the establishment, or from the date of the birth of the eldest surviving child, if the latter date be anterior; such arrears to be paid with interest accumulated half-yearly.

3. The donations required under the foregoing article may be paid at once, or by instalments, agreeably to the rate laid down in Table A. sect. 2, at the option of the subscriber; but the arrears of subscription, with interest, must be discharged within eighteen months from the date of his admission on the establishment.

4. Cadets and chaplains, on their appointment, can be enrolled at once as subscribers to the fund in England, on payment to the secretary of the fund there, of the following sums as a donation:

† This regulation has been introduced for the purpose of obtaining some equivalent from those subscribers who may enter the service at an advanced age with families, consequently is not applicable to cadets, who are not admissible to the service at an advanced age.

Cadets.... Unmarried £34 5s. 9d. Married £102 17s. 3d.
Chaplains.... do 85 14 4 do 257 2 11

Assistant-surgeons desirous of becoming members will be admitted in England, on payment there, to the Secretary, of the following donation:

Unmarried .. £57 2s. 11d. Married .. £171 8s. 8d.

N.B. Assistant-surgeons and chaplains, having legitimate offspring, will, in addition thereto, be required to pay up the subscription and interest laid down in the 2d article.

5. Subscribers who may retire from the service on the prescribed pension of their rank, or who may return permanently to Europe, shall not forfeit their rights as subscribers to the benefits of the fund, provided they continue the payments prescribed in Section II.

6. Subscribers resigning the service before they are entitled to retiring pay are not eligible to continue members, nor shall they be permitted to receive back any part of the sums they may have contributed to the fund either in the way of donation or subscription.

7. A subscriber withdrawing from the fund forfeits, *ipso facto*, all claim to its benefits, as also the amount of his donation and subscription, and all other sums which he may have paid, up to the period of his secession.

Section II.—*Donations and Subscriptions.*

1. The donations and subscriptions of all subscribers shall be regulated agreeably to the following Tables A. and B. Widowers having legitimate offspring to be considered and to pay as married. The donation and subscription of cadets to be calculated on the rank of ensigns, the subscription commencing from the date of their admission on the establishment.

In addition to the above, a monthly subscription of one rupee, or 2*s.* 3*d.*, is to be paid for each unmarried daughter, and for each son under twenty-one years of age, without distinction of the rank of the subscriber.

Note.—Subscribers are consequently required to report to the Secretary dates of birth and decease of all children.

2. Subscribers promoted while temporarily absent in Europe on furlough or sick certificate are exempted, during the period of their absence, from payment of the difference of donation laid down in table A., but are to pay up the arrears due by them on coming into the receipt of Indian allowances, by the regulated instalments.

3. On a subscriber in either of the classes paying up by personal donation and subscription added together, without interest, the maximum fixed in Table C., he shall be exempted from further contribution while he may continue in that class, with the exception of donation for daughters, and subscription for children, which will continue as otherwise provided in these Rules.

4. Previous to the benefits issuing in full from the Fund either to Subscribers or to families, a certain amount calculated without

interest (or the minimum fixed in Table C.), shall be derived to the Fund from the subscriber, or in case of his death, from the amount payable to his family.—In calculating this minimum for any annuity, all payments made to the subscriber during his life *from* the fund, as far as the amount of his minimum, shall be debited against his payments to it, as above, in order that the annuity may not be issuable in full until the regulated minimum on its account shall have been *bonâ fide* realized by the fund.*

5. The deductions on account of minimum required by the preceding article 4th, to be made from all benefits to subscribers

* Thus in the event of a married Captain having received aid from the fund, the amount of such aid or part thereof, so as not to exceed the sum of 3,500 rupees, being the amount of his minimum, shall be debited against the amount of his contributions, the clear balance only, if any, being taken to constitute the minimum to be derived by the fund ere his family become entitled to receive the annuity in full. Should there be a balance against the subscriber, however, it will not be charged against the annuity, for which a fresh minimum only will fall to be recovered by the regulated deductions. For example—Supposing a Captain to have received aid to the amount of 4,000 rupees, and his payments to the fund to amount to 3,700, he will be debited as far as the amount of his minimum, 3,500, which will be considered as balancing that account, and the 200 rupees remaining will be credited to the new minimum required for the annuity.

6. The donation may be paid at once or by monthly instalments, agreeably to Table A., at the option of the subscriber. If the subscriber, however, be promoted during the payment of these instalments, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

7. Officers on their promotion will be required to pay up the amount of donation paid in table A., on entering each class.

8. Donation is in no case to be returned.

9. All subscribers, as well widowers as bachelors, marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation as laid down in the fifth column, Table A.; and unless this information be given, and payment of the additional donation made within two years after such marriage, the subscriber shall be required to pay double the amount, with interest added half-yearly.*

10. In the event of a married subscriber dying before he has reported his marriage, his widow and children will have no claim upon the fund.

11. Any arrear, not sanctioned by the 6th article of this section, equal in amount to six months' subscription, shall subject the subscriber (owing it) to the payment of double the amount of the arrear (unless it shall be made to appear, to the satisfaction of the Directors, that such arrear arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and the preceding article within twelve months after it shall be *demanded*, to the exclusion of himself and family from the benefits of the fund if admitted prior to the 30 April 1823, or if subsequent, to the exclusion of his family alone.

12. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall *not*, during such period, be exempted from the payment of monthly subscriptions.

13. Subscribers who may be prevented from drawing pay by a

* Subscribers are particularly requested to observe that they are required to report the date of their marriage to the secretary, who otherwise has no authority to enter them on the list of married subscribers.

temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, within six months.

14. Married subscribers having daughters, and desirous that their annuities should be continued to them until marriage or death, are required, within ten days from the date of birth of each daughter, to notify the same to the secretary, stating whether or not it is their intention to pay an additional donation of rupees 282.—In the former case, the amount will become due to the fund from the tenth day after birth, and must be paid within one year from the date thereof, failing in which the annuity will cease on the daughter's attaining the age of twenty-one. Subscribers in reporting payment of the donation are to state the Christian name and date of birth of the daughter for whom paid.—A posthumous daughter, or a daughter whose father may die before payment of the donation as above, will be entitled to the advantage of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D.; and in the case of a daughter born in Europe or elsewhere, while the father is in India, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.

15. The like option is extended to subscribers admitted under the provisions of Article 2d, Section 1st, having daughters born anterior to their admission, for whom the above sum of rupees 282 is to be paid with compound interest at 8 per cent., calculated from their date of birth, within one year from the date of such subscriber's admission.

16. To obviate the inconvenience which might be occasioned by the neglect of article 14th, subscribers may, if they prefer it, notify to the secretary their wish to avail themselves of the rule for all daughters who may be born to them. In this case the daughters will be entitled to benefit, the donation for each becoming due and payable as before explained.

17. Officers retired on half-pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to continue the same towards their respective maximum, or failing so to do, and preferring the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Section III.—*Persons entitled to the benefits of the Fund.*

Art. 1. The persons entitled to the benefits of the fund are:

1st. All subscribers to the fund for such benefits as are personal, under the restrictions prescribed by the Regulations.

2d. All widows and legitimate children of those who were subscribers and were married on the 1st of April 1808, and the children of such previous marriages are entitled, without distinc-

tion, to the full benefits of the fund, either in quality of orphans, or in future, as widows.

Art. 2. Cancelled 17th October 1835.

Art. 3. Legitimate children of those who were married subscribers on the 1st of April 1808 (provided they be the offspring of such marriages), as also the legitimate descendants of those children, shall be entitled to the full benefits of the fund, either as orphans, or hereafter as widows.

Section IV.—*Benefits derivable from the Fund.*

1. The benefits derivable from the fund are two-fold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being; who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army at large be known, to whom the case will be immediately referred.

3. Eligible individuals, who may have applied to the secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber of the rank of captain, who may proceed to Europe on sick certificate, in conformity to the regulations of the army, and who may not be allowed passage-money from Government, shall be authorized to apply to the military fund for the passage-money regulated for his rank, viz. Capt. Rs. 1,400; Subaltern Rs. 1,200, provided his application shall be accompanied by a solemn declaration upon honour, that he does not possess the sum of Madras Rs. 1,500, or property of any description equal in amount thereto. Passage-money is not allowed to field officers, except on loan.

5. A subscriber under the rank of field officer, who may have so proceeded to Europe, shall also be entitled, on his return to India, to receive from the secretary in England the sum regulated for the outward passage, viz. Capt. £110; Subaltern £95, on the production of a solemn declaration upon honour, that he does not possess the means of paying for the same.

6. A subscriber proceeding to Europe on sick certificate as above, shall be entitled for his equipment to a further sum not exceeding Madras Rs. 200, and if married, to Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by a solemn declaration upon honour, that he does not possess, if a subaltern, the sum of Madras Rs. 1,000, a captain, Rs. 1,500, or a field officer, Rs. 2,000, or property of any description equal in amount thereto; but no allowance will in any case be made for equipment to a subscriber returning to India.

7. Subscribers being subalterns proceeding to England on sick certificate, who shall make a solemn declaration upon honour that they possess no other income beyond the regulated pay of their rank, exclusive of any wound pension, shall be allowed the sum of £21. 7*s*. 6*d*. per annum for a lieutenant, and £44. 3*s*. 9*d*. for a cornet, second lieutenant, or ensign, commencing from the date of arrival in England, continuing so long as they shall be in receipt of pay there, and ceasing from the date of embarkation to return to India.—The declaration to be renewed half-yearly.*

8. Income allowance to sick subaltern officers at home will be increased to such officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be reduced in the case of a plurality of children, in the manner prescribed by the 20th article of this section; provided, however, that such additional allowance for *the whole family* never exceed £48. 15*s*. for a lieutenant, cornet, second lieutenant, or ensign. A captain of engineers, artillery or infantry, in like manner, being at home on sick certificate *with a family*, will be entitled to a similar allowance *for his family*, provided he make the declaration prescribed for subalterns; but such allowance is never to exceed that granted to the family of a lieutenant. Captains of cavalry are not entitled to income allowance.

9. Subscribers proceeding to England on sick certificate conformably to the regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

10. The personal benefits above enumerated are issuable in one instance only; but if a subscriber cannot take up the whole of the benefits on the first, he may do so on a future occasion of returning sick to Europe, but only to the extent that he would have been entitled to in the first instance; and if the personal benefits are required a second time, they will be granted only on loan under the regulations established in the 5th section—that is to say, a subscriber having once proceeded to Europe on the fund, has no further claim to gratuitous aid.

11. The second class of benefits (namely, those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

12. The widows and legitimate children of deceased subscribers, shall be entitled to receive the annuities specified in the annexed Table E., provided they shall have paid up, previous to their decease, the minimum required by section 2d; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuities will be paid in full.

* Altered 1st December 1835, limiting the aggregate allowance to be drawn by a cornet, or ensign, to that of lieutenant.

N. B. The *present value* is invariably to be paid, under the circumstances of the case, as the boy may be in Europe or in India respectively; and if the boy die at intermediate periods between the calculated half-years, the due proportion shall be allowed for the broken period.

14. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

15. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married. If her second husband

* For instance, if a boy in India, while his mother is living, anticipates his annuity at the age of 16, he will receive £165. 18s. 2d. only; but if his mother die when he is 19, he will then have to receive the difference between £73. 2s. and £109. 13s., or £36. 11s., in addition to the sum before paid to him.

shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest.

16.—Cancelled 17th October 1835.

17. Every widow benefitting by the Military Fund and not provided with a passage to Europe at the expense of Government shall be entitled (for one passage only) to the allowance allotted for the rank of her husband—*viz.* colonel and lieutenant-colonel, Rs. 2,400; major, 1,800; captain, 1,512; subaltern, 1,500; on her making a solemn declaration upon honour that she does not possess the means of defraying the expense of her passage.

18. The passage-money for children proceeding to Europe is fixed as follows, *viz.* £60 (or Rs. 525) for each child; but when two or more children go home together, the allowance is to be reduced in the following ratio, *viz.* £3, £9, £18, £30, £45, as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

19. The half-yearly application of a widow for her annuity, admitted subsequent to the 15th Oct. 1822, is to be accompanied by a solemn declaration upon honour.

20. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-20th part of one child's annuity (taken on the average of all their annuities) for the second child; 2-20th for the third child; 3-20th for the fourth, and so on for any number she may have above one; so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class), she will have to receive from the fund for

Section V.—Eventual Benefits of the Fund.

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following case, *viz.* to subscribers compelled by ill-health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as will render their whole income, from whatever source derived, equal to the pay of major.—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—*Loans.*

1. Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

2. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the state of the funds admit it, a loan equal to the amount of 20 months' subsistence of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 8 per cent., within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the fund, a personal bond, in which he shall be joined by two securities, to be approved by the directors, and assignment on any property he may possess.

3. In like manner, a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage-money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two sureties to be approved by the directors. The amount to be repaid with interest at 8 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of captain, otherwise within two years after he shall have attained that rank, and the sureties to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—*General Regulations* (*extracts*).

12. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

13. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever, any further agitation of the question, by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

14. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

15. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the directors, and of a majority of the army, in cases which admit a reference to the general suffrage.

16. Generally, all payments due from the fund are to be made half-yearly, on the 30th June and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

17. Any arrear which may be due to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

18. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

19. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

20. If a subscriber who may be dismissed from the service by a court-martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

21. All property belonging to the Military Fund at any period shall be invariably vested in the Hon. Company's securities.

22. When interest may be chargeable according to these regulations, either on sums receivable or payable by the Military Fund in

account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate which may be allowed on the Hon. Company's securities at this Presidency, at the time when such sum may be received or paid.

23. The Honorable Court of Directors having made it obligatory on Cadets and Chaplains to become members of the Military Fund, it will be the duty of the Secretary to communicate to each Cadet and Chaplain, entering the service, that his name has been enrolled in the List of Subscribers, in conformity with the condition of his appointment; at the same time requiring the parties to state whether they are married or not, when the Secretary will inform them the amount of donation they will be required to pay, such communication to be made on the promulgation of the order admitting any Cadet or Chaplain into the service.

24. The management of the affairs of the fund in England shall be conducted by a committee of twenty-four officers, subscribers resident in that country, of whom three to form a quorum.

27. It shall be part of the duty of the secretary to furnish every cadet and chaplain, on his application, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

31. With the view of securing the fund against decay and ultimate failure, the original intention in regard to donation shall be henceforward put in force and strictly adhered to, namely, that the donations paid by officers be "*for the purpose of forming a capital,*" and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

32. Should the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits available to defray the expenses of the fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction, according to Table D., from the annuities of the widows of the four senior classes, from the annuities to all children, and from the payments to other claimants above the rank of subalterns, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.*

* So long as there shall be on the fund widows belonging to the three senior classes, and children whose mothers are living, and which widows and children shall have been admitted thereto previously to the 15th Oct. 1822, the widows and children admitted since that period on the modified annuities shall not be subject to the deductions specified in the preceding articles, until the corresponding annuities of the former annuitants shall by such deductions have been reduced respectively to the standard of the new scale, from which period they shall all be included in the provisions of the article to which this note refers.

33. The secretary shall lay before the directors, at the regular monthly meeting in November each year, an estimated state of the fund for the current year; and the directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year, on the principle of the preceding article.

The objects of the fund are:

To afford subsistence to the widows and legitimate children of medical officers (subscribers to the fund) dying in circumstances of indigence and distress.

To assist medical officers (subscribers) who are obliged to go to Europe in consequence of ill-health.

And to afford to the senior officers of the Medical Establishment (subscribers) retiring from the service, annuities for life, under certain limitations, and depending on the state of the funds.

To the widows of all members, whether surgeons or assistant-surgeons, having subscribed prior to the 5th January 1815, who are in the circumstances entitling them to assistance, the fund grants such sums as will make their income three hundred pounds sterling annually.

To the widows of all surgeons, the same as above.

And to the widows of assistant-surgeons who became members subsequent to the 5th of January 1815 (unless the deceased shall have been fifteen years an assistant-surgeon), the fund affords such assistance as will make their income two hundred pounds sterling per annum.

To the legitimate children of deceased subscribers, under circumstances entitling them to assistance from the fund, it is granted at the following rates:

To children under six years of age the income is made up to twenty pounds sterling per annum; but if a child have lost both its parents, the sum is made up to thirty pounds sterling per annum, and in the latter case the trustees act as guardians to the orphan.

From the age of six to twelve years the sum is made up to forty pounds per annum, and from twelve years of age till marriage, or until the age of twenty-one years, to seventy pounds sterling per annum.

To subscribers who find it necessary from ill-health to go to Europe, and who procure the necessary certificate to obtain the sanction of Government for that purpose, such assistance is

afforded as shall enable a surgeon to expend the annual sum of three hundred pounds sterling, and an assistant surgeon the annual sum of two hundred pounds sterling, for a period not exceeding three years (*vide* Deed).

To the senior subscribers retiring from the service, if the funds admit, annuities are granted of four hundred pounds per annum for life.

Widows, pensioners on the fund, marrying a second time, and thereby forfeiting their pensions, are, on becoming widows a second time, entitled to assistance, on furnishing the required affidavits.

Printed copies of the Fund Deed are to be purchased at the office of the Madras Gazette, and information respecting the fund is to be obtained at the Secretary's Office (at the Medical Board Office), between the hours of eleven and three daily.

REVISED REGULATIONS.—1st May 1841.

Section I.

Management of the Fund.

Art. 1. The management of the fund is vested in thirteen directors, twelve of whom shall be elected by the subscribers at large: the other—the Adjutant-general of the army, or officer acting in that capacity—to be an ex-officio director. The senior director to be president.

2. There shall be two provisional directors, to be elected by the subscribers, who are to succeed to vacancies as they may occur in the established number.

3. When a director proceeds on account of his health to sea, or the Cape of Good Hope, or on furlough, for any period beyond six months, his seat shall be considered vacant, and application be made to the subscribers for the election of a new director.

4. The directors shall appoint a secretary under the sanction of the Commander-in-chief and the Governor in council; and such secretary shall receive a monthly salary of 200 rupees, and actual amount of expenses on account of the office establishment.

5. All applications relating to the Military Fund shall be addressed to the secretary, who shall lay them before the directors for their consideration, and shall communicate their decision to the applicants.

6. The directors shall meet once every three months, or oftener if necessary, for the transaction of business. But no business shall be transacted unless five directors attend the meeting.

7. It shall be competent for the directors, whenever they may deem it necessary, to institute an inquiry into the correctness of all claims founded on the regulations which are presented to them, and to reject such as may appear to them to have been preferred on insufficient grounds; but whenever a claim is rejec-

ed, the claimant may require the directors to submit his case for the decision of the subscribers at large.

8. If a subscriber wish any question, which is undefined by the regulations, to be submitted to the consideration of the subscribers at large, his request shall be complied with, provided that three directors deem such a reference expedient.

9. Except in the case just mentioned, all questions brought before the directors shall be determined by the majority of votes of the directors present at the meeting.

10. A resolution, which has been once passed at a meeting of the directors, shall not be brought again under discussion, unless a majority of the directors shall be of opinion that another meeting for the reconsideration of the subject is necessary.

11. All questions, submitted to the decision of the subscribers at large shall be communicated by the directors, in letters forwarded by the secretary, and addressed to commanding officers of regiments, who shall collect and transmit to the secretary the votes of the officers under their command.

12. Officers on the staff, and officers and medical gentlemen unattached to corps, and clerical gentlemen, shall receive the circulars from and transmit their votes to the secretary.

13. Such votes shall, if possible, be transmitted to the secretary within three months after the circular requiring them.

14. All questions submitted to the decision of the subscribers at large shall be determined by a majority of votes; but if two-thirds of the votes of subscribers in India be not received within the time specified, the decision of the question shall remain in suspense until that number be received.

15. The result of all references to the subscribers at large shall be communicated to them in the usual manner by the secretary.

16. The subscriptions and donations of subscribers will be received by the military paymasters at the different stations of the army, and all sums arising from these or other sources shall be lodged in the Company's treasury; but it is not to be considered any part of the secretary's duty to receive money on account of the fund.

17. The secretary shall keep the following books, which shal be open to the inspection of the subscribers.

An annual ledger, exhibiting the account of donations and subscriptions as rendered by paymasters.

A cash-book, to be balanced monthly.

A book containing an annual account-current of receipts and disbursements in Europe.

A book containing an annual account-current of receipts and disbursements both in India and Europe.

A book shewing in abstract the actual state of the funds.

A book containing the minutes of meetings of the directors.

18. The payments due by the fund shall be made half-yearly, *viz.* on the 31st of October and 30th of April, except such as are due to annuitants embarking for Europe, to whom all sums due are to be paid up to the latest date practicable.

19. When interest is chargeable according to these regulations on sums receivable or payable by the Military Fund, in account

with subscribers or their families, that interest shall be calculated at the rate of 8 per cent.

20. On all occasions when advances made to, or arrears due by subscribers in England, become payable in India, the exchange shall be considered at 2s. 3d. per rupee.

21. In all cases where a deduction has been made from the annuity payable by the fund, on account of property or income possessed by the annuitant, should such property or income be from any unavoidable causes diminished or lost, then on the circumstances being stated to the secretary in India, or the agents in Europe, accompanied by an affidavit, specifying whether any and how much property or income remains to the annuitant, the annuity shall be proportionally increased until it arrives at the maximum of annuity due to the rank of the late subscriber; the operation of this regulation equally applies to the following description of persons, *viz.*

First. Widows and children admitted before the 23d September 1824.

Second. Female orphans, as specified in the 4th article of the 3d section.

22. In like manner, if any annuitant on the fund shall acquire property or income, a proportionate deduction shall be made from his or her annuity, from the date when such property or income was acquired.

23. The business of the fund in Europe shall be conducted by Messrs. Forbes, Forbes, and Co., to whom all applications by subscribers in Europe shall be addressed.

24. The directors shall, from time to time, furnish Messrs. Forbes, Forbes, and Co. with such instructions as may be necessary for enabling them to reply to such applications; and in all cases of doubt, or difference of opinion, a reference shall be made to the directors in India.

Section II.

each son, and 200 for each daughter. The parents or guardians of children born previous to the 1st January 1839 were allowed to secure for them the increased benefits by paying the additional donation; but the children of such subscribers to the terms of circular No. 74 will not be entitled *under any circumstances* hereafter to receive the highest scale of benefits.

But although a period of one year is allowed for completing the above donation, notice of the intention of the parent to discharge it must be given to the secretary in India, or to the agents in London, within the month subsequent to that in which the child was born. ranks, as married or unmarried subscribers, agreeably to the rates specified in the 4th and 5th articles of this section.

12. The donations payable by unmarried subscribers may be paid either at once or by instalments not exceeding eighteen. Those by married subscribers on promotion, or by single members on marriage, by instalments not exceeding twenty-four.

13. An unmarried subscriber shall, in case of contracting marriage, make the secretary acquainted with the circumstance within six months after such marriage, and shall pay the difference between the donation of a married and unmarried subscriber, and monthly subscription as a married subscriber from the date of his marriage.

14. Widowers, on remarriage, shall pay the difference of donation between married and widowers with or without offspring, notwithstanding that they may have discharged the amount required of them in virtue of a former marriage.

15. Widowers with offspring shall, on making known their wishes to contribute at the unmarried rates, be allowed to do so, provided at the same time they relinquish all claim to the benefits of the fund on behalf of their children.

16. Persons becoming subscribers to the Military Fund, on entering the service, shall, if married or widowers and having legitimate offspring, be required to pay, in addition to the prescribed donation and subscription, an extra donation, equal to the amount of the subscription of their rank, calculated from the date of birth of the eldest surviving child, or from the date of birth of the eldest of the children, to whom, in case of the father's death, it is wished that the benefits of the fund should be extended.

17. But if such information be not given, the subscriber shall pay double the amount of the difference between his donation as a married and unmarried subscriber, with interest at 8 per cent. added half-yearly; and if he do not pay this amount, and his subscription as a married subscriber from the date of his marriage, his widow and children shall forfeit all claims to the benefits derivable from the fund; but such benefits as are personal shall continue to be available to him as an unmarried subscriber.

18. Subscribers who may be promoted or married during their residence in Europe are to pay to the agents in London the old rate of Europe donation (*vide* p. 68) within six months, and the balance within two years if residing in Europe; or if the party previously returns to India, within two years from the date of arrival.

19. Subscribers who may retire from the service, or who may return permanently to Europe, and who shall continue to pay a monthly subscription equal to one day's pay of the rank which they had obtained at the period of retiring, if unmarried, or to one and a half if married, shall continue entitled to the benefits of the fund.

20. Subscribers who may have been dismissed, and afterwards restored to the service, shall be readmitted to the benefits of the fund, on their recommencing their subscriptions from the date on

which they shall again receive pay, and on paying back the amount of subscription which may have been returned to them, in conformity to Section III., article 27.

21. All subscribers *above the rank of subaltern* who may proceed to England on sick certificate shall pay their subscription in the same manner as those who proceed on furlough.

22. Subscribers who may be prevented by any temporary cause from drawing pay shall be exempted during such period from the payment of monthly subscriptions; but upon the removal of such incapacity, the amount of arrears due to the fund shall be made good either at once, or by instalments not exceeding eighteen.

23. Cornets and ensigns shall be required to commence payment of their donations from the month succeeding that of their arrival in the country, by thirty regular monthly instalments.

24. If a subscriber fall in arrears with his donation or subscription of instalments for six months, he shall pay double the amount of the arrears, unless he make it appear to the satisfaction of the directors that such arrear was occasioned by unavoidable circumstances.

25. In all cases when a subscriber dies in arrears to the fund, in consequence of his paying the sums due by him by instalments, agreeably to the regulations, whether on account of loans or from any other cause, such arrears must be paid up, or otherwise his widow and children will be deprived of all claims to the benefits derivable from the fund. But in the adjustment of such arrears, it shall be optional with the parties either to pay up the sum *at once*, or by a deduction from the benefits of *one-half*, until the amount be liquidated; no extra deduction being made on account of minimum until the arrears are paid up *with interest*.

SECTION III.—*Benefits derivable from the Fund.*

3. The annuities to boys shall cease on the completion of their eighteenth year, at which time the guardians of each of them shall receive from the fund the sum of £225, to assist in his establishment in life.

4. On application being made, and on sufficient reasons being assigned, the above sum of £225 may be paid previous to the child's (boy or girl) completing its eighteenth year; but in all cases the payment of this sum shall extinguish all claim to a continuance of the annuity.

5. But the annuities of females for whom additional donations have been paid shall continue (on their giving up their claim to portion) *until their marriage or death;* subject, however, on their attaining the age of eighteen years, to the deduction of any yearly income beyond half the amount of pension which they may derive from any other source; and in case such other income shall amount to £90 per annum, the annuity granted by the fund shall cease and terminate.

6. The benefit of the preceding article shall be extended to such female children as at present receive annuities, provided that the increased donation be deducted from the amount payable by the fund.

7. On the same condition, a child born within ten months after the death of its father shall be entitled to the increased annuity.

8. The guardians of female annuitants shall declare, six months previous to their attaining the age of eighteen years, whether they wish to receive the *final portion*, or to continue as annuitants, and the receiving any annuity after that age forfeits all right to the payment of portion.

9. Widows who are annuitants on the fund, and who may hereafter marry, are allowed to retain *one-half* of the annuity formerly granted to them; and if her second husband be a subscriber, it shall be optional with the widow, on her again becoming a widow, to claim the annuity prescribed for the rank of either the first or second husband; but she is not to receive more than one full annuity.

10. Annuities shall be payable to widows or guardians of children at their place of residence, if in India or Great Britain and Ireland; and if resident in a foreign country, or at the Cape of Good Hope, to their constituted agents in London or Bombay; and if resident in any part of India not subordinate to this presidency, to their constituted agent at Bombay, at the rate of 2s. 3d. per rupee; or by bills *at sight* on the agents in England.

11. All widows in India shall be entitled (*for one passage only*) to receive the passage money prescribed by the Regulations for the rank which the husband held at the time of his death.

12. All children admitted to the benefits of the fund shall be entitled to receive the sum of 400 rupees each, to defray the expense of their passage to England, if accompanied by their mother, or 525 rupees if proceeding alone, without reference to their age or the rank of their father at the period of his decease.

13. A married subscriber shall receive, in addition to the equipment allowance payable to an unmarried subscriber, the sum of 150 rupees for his wife, and 75 rupees for each child, on application for the same to the Directors, through the secretary.

14. A married subaltern (or widower with offspring) at home who may proceed from India on sick certificate, being married at the date of his departure from India, shall, on making application to that effect, receive £15 per annum for his wife, and £7. 10s. for each of his children, if the number does not exceed two, in addition to his own income allowance from the fund, commencing from the date of arrival in England, and ceasing on embarkation for India; but the total sum payable on their account shall not exceed £30 per annum.

15. A married captain (or widower having offspring), at home on sick certificate, shall, on application, receive the same allowance for his wife and children as a subaltern; subject, however, to a deduction of any yearly income he may possess beyond his pay.

16. A married subscriber shall be entitled to receive, on his personal security, a loan not exceeding twenty months' net pay of his rank, for the purpose of sending his wife or children to England, provided that the said loan be repaid by instalments within twenty months from the date of its advance, with interest at 8 per cent. per annum.

17. A similar loan on the same conditions shall be granted to a married subscriber in India for the purpose of bringing his family from England, provided that all loans formerly advanced to him shall have been duly discharged.

18. Any subscriber *under the rank of field officer* proceeding on sick certificate to the Cape of Good Hope, Egypt, New South

Wales, *or to sea,* for any period not under one year, shall be allowed a loan to the extent of Rupees 1,000 on his personal security; to be repaid with interest at 8 per cent. in twenty-four monthly instalments from the date of the advance (to be deducted by the paymaster); and such subscriber shall also be entitled to a loan of half the above amount, or Rupees 500, on his return, to be repaid with interest at 8 per cent. in twelve monthly instalments, from the date of his return to Bombay.

19. An advance on loan will be granted to married men proceeding as above with their families of one-half, in addition to the above loan, to be repaid in the same instalments.

20. One-half of the advance prescribed in Art. 18, and on the same terms, will be granted to a subscriber who may send his family to the Cape of Good Hope or New South Wales, although he should not proceed thither.

21. Articles 12, 13, 14, 16, latter part 17, and 18 of section four of the former regulations were rescinded by the decision on the 5th proposition of the 36th circular;* but as this resolution was not to have a retrospective effect, as all annuitants on the fund previous to the 23d September 1824 remain subject to the former regulations, and consequently such annuitants shall continue to furnish, every half-year, affidavits, specifying whether they possess any property or not, and in the former case its actual amount, and drawn up in the form in the Appendix marked A.

22. In the same manner, the next of kin or guardian of children, annuitants on the fund, prior to the 23d September 1824, shall furnish a half-yearly affidavit in the form in the Appendix marked B.

23. But female annuitants receiving the extended annuity shall still furnish, after their eighteenth year, half-yearly affidavits, specifying whether they have any, and what, income or property besides that derived from the fund, and these affidavits shall be drawn up in the form in the Appendix marked C.

Benefits to Unmarried Subscribers.

24. Subaltern officers who proceed to Europe on sick certificate shall be entitled on application to receive from the fund such amount annually, as, with their pay and other income, will amount to a yearly income of £140, commencing from the date of arrival in England, and ceasing on embarkation for India.†

25. Subscribers, who proceed to Europe on sick certificate, and who are not furnished with a passage by government, shall, on

SECTION IV.

Causes of Exclusion from the Benefits of the Fund.

Art. 1. A subscriber, prior to the orders of the Hon. Court, withdrawing from the fund, forfeits, *ipso facto*, all claims to the benefits derivable from it, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession.

2. The non-payment of donation, subscription, or any other sum demanded from them in conformity to the regulations, shall exclude subscribers *from all the benefits* derivable from the fund.

3. The non-compliance with any regulation of the Military Fund, or the bringing under litigation any decision which has been passed in conformity to these regulations.

4. All income derived from the Bombay Military Fund is declared to be *unalienable*, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

5. The widow of a subscriber who shall have been legally divorced or separated from her husband, or who shall at the time of his death have quitted his protection, or shall be living in a state of adultery, though not legally separated or divorced, shall no

be entitled to any benefit from the fund under any circumstances whatever.

6. If, after the widow of a subscriber shall have been admitted to the benefits of the fund, it shall at any time appear to the satisfaction of the Directors that she is living in a state of incontinence, or in a manner discreditable to the memory of her husband, she shall forfeit all claims to the benefits derivable from the fund, and shall in future be deprived of her annuity.

SECTION V.

Eventual Benefits of the Fund.

Art. 1. Independent of the benefits which have been recited, the Bombay Military Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:

First. To subscribers compelled by ill-health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

Second. To officers who may have served twenty-two years in India, and may be compelled by ill-health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as will render their whole income, from whatever source, equal to the pay of major; and, as in the case of widows, the possession of an income not exceeding half the pay of a major of infantry, shall not occasion an abatement from the provision to be made from the fund.

Third. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank, provided always that the resignation of such officer shall actually have been accepted previously to embarkation.

Fourth. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction from the annuity of each annuitant, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.
